Taxpayers Committee Recommends Increase in Tax Rate and Charge of Higher Tuition To All Schools

Chinese Relief Sought From the Local Citizens

Dr. H. A. Brown, Randall County chairman of the United Service to China drive for funds, announced this week that he would like to close the campaign by May 24, and expressed the hope that this county would reach its given quota by that date.

All persons who wish to donate are requested to bring their contributions to Dr. Brown's office.

Randall County War Dead To Be Honored May 30

Veterans of Foreign Wars and members of the American Legion are planning a joint ceremony on Memorial Day, May 30, with services to honor the men of Randall county who lost their lives, according to an announcement made Tuesday by Charlie Donnell, commander of the VFW and Jack Neil Jennings, commander of the Legion.

It is the plan of the two organizations for all veterans to participate. Business houses will be asked to close as a tribute to the memory of the war dead.

Full details of the program will be given in next week's edition of The Canyon News.

Appropriations For Colleges Entering the Final Stages

President J. A. Hill states that the appropriations bill for West Texas State is being worked out in the legislature.

Bills have been passed by both the House and Senate. The bills are similar, with the exception that the House included buildings for colleges, and these were eliminated by the Senate.

The House has passed the bill for an appropriation of \$125,000 for the museums at West Texas and Tech. The Senate has not considered this bill.

Club Officers Installed By Mrs. J. A. Hill

Mrs. J. A. Hill installed the officers for the incoming administration of the Amarillo City Federation of Women's Clubs, Tuesday afternoon. The affair was held in the Federated Club room in the Municipal auditorium.

New head of the group is Mrs. John Merchant, and Mrs. W. D. Westbay is the retiring president.

Mrs. Hill discussed as her subject, "If." She is a life member of the Texas Federation of Women's Clubs, Seventh District Board and also serves the district as historian.

Mr. and Mrs. Walter Graham and Billie, and Mrs. Graham's parents, Mr. and Mrs. George Abbott of Dimmitt, have returned from a vacation trip to Boulder and Denver, Colo. While in Boulder, they visited with Miss Bobby Graham, daughter of Mr. and Mrs. Graham, who is enrolled as a student in the University of Colorado.

Miss Jean Kleinschmidt of Los Angeles, Calif., is spending the week visiting in the home of her parents, Mr. and Mrs. Wes Kleinschmidt. She and her parents will leave soon to go to California where they will spend several weeks.

Mr. and Mrs. Willard Childers and son David, of Slaton, spent the week end here visiting in the parental A. L. Watson home. Mrs. Watson, mother of Mrs. Childers, returned to Slaton with them for a visit.

Mr. and Mrs. L. D. Wirt and daughter of Amarillo spent Sunday in the home of his parents, Mr. and Mrs. Lorenzo Wirt.

Charles Stratton of Phillips spent a few days this week visiting in the home of his parents, Mr. and Mrs. C. H. Stratton.

Mr. and Mrs. Billy Hill spent Sunday visiting in Dalhart with Mr. Hill's parents, Judge and Mrs. C. E. Hill.

Mrs. J. R. Allen of San Fernando, Calif., is visiting here with Mr. and Mrs. J. J. Walker. She and Mrs. Walker are sisters.

Mr. and Mrs. Joe Baber spent Sunday visiting in Amarillo with their daughter, Betty Jo.

Chimes Given to Methodist Church by Ballard Family

Mrs. J. R. Ballard and children have donated a set of Maas Cathedral Organ Chimes to the Methodist Church as a memorial gift for Mr. Ballard who was killed near Happy while working on a War Bond Drive. His car was hit by a train and Mr. Ballard was killed instantly.

The church has installed an amplifier which makes it possible for the chimes to be heard in practically every part of Canyon. The chimes were played Saturday and Sunday morning and were highly appreciated by the people of Canyon.

A special dedication service for the chimes will be held on Father's Day, June 15.

Safe at Bellah's Jimmed Friday by Unknown Persons

Officers are searching for clues of an attempted robbery at Bellah's Market Friday night. Entrance to the store was gained by prizing the bars from a rear window.

The door of the safe was badly damaged as the thieves attempted to open the safe. They were unsuccessful in their attempt on the safe. No merchandise was taken from the store.

The thieves left the store by the same window where they gained entrance rather than unlock a door.

Two Warehouses are Entered, But Only Small Theft Result

The Phillips and Gulf oil warehouses were broken into last week. Jeff Wallace states that nothing was missing from the Phillips office. A strong box with personal papers belonging to Mr. Wallace was broken open, but there was nothing of value in the box for the intruders.

About \$40 in cash was the haul taken from the Gulf office, according to Clyde Davis, local manager.

Both offices were entered through windows. Sheriff M. E. Cantrell is checking clues.

Newton Harrell Is Named Vice Pres. Board of Regents

At the meeting of the Board of Regents for Teachers Colleges held in Austin last week, Newton Harrell was elected vice president. Mr. Harrell is an ex-student of West Texas State and has devoted much time to the improvement of the college.

Judge W. L. Kerr of Midland was elected president of the board.

Small Twister Wrecks Airplane

Sunday afternoon about 6 o'clock, a small twister picked up a plane at the Canyon airport and totally wrecked it when it was thrown against a building.

A pilot who landed his plane at the airport at about the same time, stated that the air was in a turmoil for some distance above the ground.

MOTHER-IN-LAW CLUB

Mrs. G. W. Cox will be hostess to members of the Mother-in-Law club and their husbands, Friday night at 7:30, for a supper. Each member is requested to bring a covered dish.

MARRIAGE LICENSES

Kenneth Earl Patton to Quata Lee Cunningham, May 7.
Charles E. West to Gladys K. Philpott, May 8.

G. G. Foster and Jim Black have gone to San Antonio for the next several weeks. They were accompanied as far as Colorado City by Otis Parker and were met by Gray Dean Foster who went with them to San Antonio.

Mr. and Mrs. Adolph Fetzner have returned to their home in Falls City, Nebr., after visiting here in the home of Mr. and Mrs. E. A. Oberst. Mrs. Fetzner is a sister of Mrs. Oberst.

Mr. and Mrs. Harvey Thomas and children, Johnny and Katherine Ann, of Clovis were recent visitors here in the home of Mr. Thomas' parents, Mr. and Mrs. F. A. Thomas.

Mrs. Ruby Littleton and daughters, Phyllis and Nancy, of Pampa spent the week end visiting with Mr. and Mrs. A. B. Berry and family. Mrs. Littleton and Mrs. Berry are sisters.

Mr. and Mrs. Landon Terry and children of Borger spent the week end visiting in the home of his parents, Mr. and Mrs. S. L. Terry.

Mr. and Mrs. A. G. Brant, Guy and Opal, spent the week end visiting with Mr. and Mrs. J. L. O'Neal at the Turkey Track ranch near Stinnett.

Young Woman Was Killed In Car Collision

Funeral services for Mrs. Mozelle McDaniels were conducted Wednesday afternoon at 3 o'clock in the Methodist Church with the Rev. Elmer Crabtree of Happy, officiating.

Mrs. McDaniels was killed instantly early Monday morning when the car in which she was riding with her brother, Otha Roberts Glenn of Plainview, was in collision with a car driven by Charles C. Warnock of Dimmitt. Both cars were going south, and the accident occurred near the hill north of Canyon.

Also injured were Warnock and Julia Robertson of Canyon, who received medical treatment at Neblett hospital. Rayford Ginn, Dimmitt, was a passenger in Warnock's car.

Mrs. McDaniels, 29 years old, was born Oct. 23, 1917, at McLean, and had been a resident of Canyon for 10 years. She was an ex-student of West Texas State College, and at the time of her death was employed as secretary to Hosea Foster.

Pall bearers were: J. B. Hickman, Mark Foster, J. W. Shook, A. B. Holt, Henry Cone and Leslie Key.

Surviving are the husband, R. T. McDaniels; the parents, Mr. and Mrs. A. R. Glenn; five brothers, Norman and Gerald Glenn, Canyon; Bob Glenn, Plainview; Jack Glenn, Tulsa; and J. R. Glenn, Happy; and one sister, Miss Laura Ruth Glenn, Canyon. Grandparents are: J. R. Petty, Canyon, and Mrs. R. D. Glenn, Blackthorn.

Interment was in Dreamland Cemetery under the direction of Griggs-Warren.

Two Boys Land In Jail When Car Is Taken

Donald Cloyd Simmons, 16, of Amarillo is in jail here, and Robert DiCarlo is being held in Midland for questioning as the result of a robbery Sunday at the airport.

The boys are charged with the theft of a car in Amarillo, which they drove to Canyon Sunday for the purpose of stealing a plane from the airport with the intention of flying to California.

When confronted with the car theft Monday, Simmons took officers to the Buffalo Stadium where he had hid the keys to the car.

According to the signed confession of Simmons the boys went to the airport about 11 o'clock. G. W. Webb, caretaker, was ordered to open the safe. There was no money in the safe, but the boys told Webb they would drive his car to Amarillo and advised him where they would park the machine. When officers were notified of the theft, Amarillo officers went to the designated location and found the car.

Simmons was picked up Monday in Amarillo. DiCarlo went to Midland where he was picked up Tuesday. He had three guns at the time of his arrest.

The case of the boys will be taken before the grand jury.

OPERATOR RECEIVES GIFT

George Gibson was presented a white shirt by A. B. Holt on behalf of a group of business men, in appreciation of his services as a telephone operator during the strike.

Two Men Landed in Jail for Theft of Hogs Charge

J. A. Cantrell of Amarillo and E. C. Parker of Tulsa are being held awaiting the action of the grand jury. They are charged with the theft of hogs from the Ross Craig farm south of Canyon.

According to information received by Sheriff M. E. Cantrell, the men went to the Craig farm with the car and trailer. Four sows and three shoats were loaded into the trailer and the pair started to Oklahoma City. At Shamrock the trailer broke down. The hogs were sold in a live stock sales ring.

The men were picked up on a liquor charge, and in questioning the theft of hogs was disclosed. The hogs were located in Oklahoma City and were identified by Mr. Craig by the marking in the ears. Mr. Craig recovered the full amount of the theft.

Sheriff Cantrell stated that the fullest cooperation was given by the sales company in Shamrock and the packing house in Oklahoma City where the hogs were located. Both stated that they would have witnesses here to assist in the prosecution of the men charged with the crime.

Peace officers at Big Spring report that the men are wanted in that county on the same charge.

WT Students To Be Presented in Piano Recitals

Two piano recitals are scheduled for next week by students of the West Texas State department of music to be presented in the auditorium of the administration building. The first will be given by Miss Nell Green when she appears Monday night at 8:15, and Miss Mary Helen Mickey, senior student, will play Thursday night at the same hour.

Miss Green will include in her program, "Prelude No. 21," Bach; "Two Etudes," Chopin, and "Interrupted Serenade," Debussy.

"Prelude and Fugue," a minor, Bach; "Rhapsody" by minor, Brahms, and "Fantasy Impromptu," Chopin, will be included in the repertoire of Miss Mickey.

Griffin Leases Steak House

Bill Griffin announced this week that he had leased Bill's Steak House, on the highway, to Charles Graham and Alton Berry who took over operation of the business Tuesday morning. Mr. Berry is acting as manager.

Mr. Griffin will devote his entire time to his business at Griffin's Truck-Stop, his filling station.

RANDALL COUNTY BAND

Fairview will be host to the Randall County Sing-Song Band Sunday afternoon, May 18, at 2:30 o'clock. Everyone is cordially invited to attend. Mrs. Rayford Shipman, secretary, announced.

Mr. and Mrs. J. W. Cole of Abilene and Mr. and Mrs. Floyd Dunswoorth and son, Arlet, of Sunray, were Sunday guests in the home of Mr. and Mrs. G. C. Cole. Mr. Cole is the son and Mrs. Dunswoorth the daughter of Mr. and Mrs. Cole.

Bill Cone of Perryton spent the week end visiting in the home of his parents, Mr. and Mrs. Henry Cone. Bill is a member of the Ochiltree County Herald Staff.

M. J. Newman, West Texas State College band director is in the Veteran's hospital in Amarillo where he is receiving medical attention.

Sitting Pretty---Or Are We?

The Canyon News was judged the outstanding weekly newspaper in Texas in 1942; and an outstanding weekly paper in the nation in 1943.

Heavy Rains Place Wheat in Best Condition of Many Years; Boxcar Shortage Looks Acute For Year

Canyon has received 2 inches of moisture since last Friday.

According to the measurement here, there was a total of .28 of an inch Friday morning; .70 of an inch Saturday morning; .74 by Sunday morning; and .28 by Monday morning. Showers Tuesday and Wednesday amounted to .25 of an inch, or a total of 2.25 inches of rainfall during the past week.

Canyon has received 5.17 inches of moisture since the first of January.

Randall county has the best wheat crop prospects in its history, according to experienced observers. There are about 275,000 acres of land planted to wheat, and the crop is uniformly good throughout the county. Ideal weather has continued all spring, with the right amount of moisture to develop the crop to the best advantage.

Grainmen are worried over the railroad car shortage which faces the Panhandle in view of this record crop. The tragedy of the situation is that while the Santa Fe has a large number of new box cars, all of them are being used by eastern lines, which refuse to return them to the southwest. Under present regulations eastern roads can hold these cars by paying a rental of \$1.56 per day, which is cheaper than building their own cars. Railroad and grainmen have been trying to get this regulation changed, but will not succeed in time to get relief in handling the big crop this year.

Evetts Haley Talked Friday On Traditions

More than 170 members of the Panhandle-Plains Historical Society attended the 26th Annual Meeting of the Society Friday night. A banquet culminated the day of activity which started with a barbecue served at noon at the museum for the directors.

At the business meeting in the afternoon Harold Bugbee of Clarendon was elected president for the coming year to succeed Hamlin Overstreet of Farwell.

Other officers elected were: David M. Warren of Panhandle, first vice-president; O. H. Finch of Dalhart, second vice-president; L. F. Sheffy, secretary; W. L. Vaughan, treasurer; Dr. Hattie M. Anderson, recording secretary.

The executive committee is of J. Evetts Haley of Canyon; Earl Vandale of Amarillo; Hamlin Overstreet of Farwell; S. B. Whittenburg of Amarillo; Harmon C. Pipkin of Amarillo.

Boone McClure was named director of the Museum for the coming year. He has been assistant director for several years.

At the banquet Friday night, piano duets were played by Miss Matilda Guame and Mrs. Ples Harper; a group of songs were sung by the A Cappella Choir, directed by Glenn Truax.

J. Evetts Haley, former field secretary of the association, was the speaker for the banquet. Mr. Haley talked on "The Texas Tradition."

Short films on the museum and the Texas Longhorns closed the program.

Mr. and Mrs. A. D. Foreman and children, Phyllis and Doyle, of Amarillo were guests Sunday in the home of Mrs. Foreman's parents, Mr. and Mrs. O. I. Smith. They had been to Lubbock to visit a son, Dale, in that city.

Carl Hair and Bill Money spent several days last week in Vernon where they attended the annual rodeo. Bill was invited to assist in law enforcement, along with other state officers, during the event.

Mr. and Mrs. Vincent Lockhart and son of Canadian were week end guests in the home of his mother, Mrs. W. E. Lockhart. Vincent is editor of the Canadian Record.

Mr. and Mrs. L. S. Johnston, Harold Dean, Juanita and Lewell, and Mr. and Mrs. Bob Johnston spent Sunday in Sweetwater visiting with relatives.

Dick Milford, Jr., of Amarillo, and formerly of this city, has joined the air corps and is now stationed at San Antonio, according to word received here this week.

Lawrence Sankey of Amarillo was a visitor Saturday with Bill Money. Mr. Sankey is special agent with the Santa Fe Railway Company.

Rev. Joseph Findley, minister of the Christian church, has spent several days down state this week.

Piano Musical Monday Enjoyed by Many Citizens

One of the most outstanding and entertaining musicals of the season was given at Canyon Monday evening, May 12, by members of the Music Arts Club featuring piano ensembles, duo pianos and solo selections. The concert was held in the auditorium at West Texas State College at 8:15 o'clock.

Those featured in the program were Miss Pauline Brigham, soloist, who played Allegretto op. 31, No. 3 from Beethoven, Love Dream No. 2 of Liszt, and Capriccio, Brahms.

The duo-piano team of Miss Matilda Guame and Mrs. Ples Harper played the well known Bach favorite Sheep May Safely Graze, and Valse op. 15, No. 2 by Arensky, which proved to be most enjoyable by the receptive audience. Humoresque Negre, Homer Grunn completed this group which was very well done by the duo team, both of whom are teachers in the piano department at West Texas State, which is headed by Miss Brigham.

The concluding four numbers featured the quartet of pianos with Mrs. Newton Harrell of Claude, Mrs. Glenn Dowlen, Mrs. Glenn Truax and Mrs. Herschel Coffee playing Fugue G Minor of J. S. Bach; Spanish Dance, DeFallia; The Harmonica Player, David Guion, and Rolo y Negro, Kay Kellogg. Miss Brigham directed the ensemble which displayed much ability and versatility. Piano ensemble work is something of a novelty to people of this area and it was exceptionally well received.

The Canyon Music-Arts Club hopes to feature its members in an annual concert of this or similar nature. The club has presented several interesting entertainments during the year outstanding of which were Mrs. Charlotte Word of Ash-tola in a concert of her own compositions for piano and voice, assisted by Mrs. Evelyn Bowie of Amarillo; and Mr. Rollin Pease of the University of Arizona, Tucson, in vocal concert.

Telephone Strike Is Still Underway

Telephone workers are still out in most parts of the nation. While the strike has been settled so far as some of the unions are concerned, picket lines of other unions have kept workers from their jobs.

The unions have rejected the offer of the Southwestern Bell, and no settlement seems to be in sight.

Mr. and Mrs. Bob Parsons and daughters, Judy and Bobbette Kay, spent the week end visiting in Wellington with Mrs. Parsons' parents, Mr. and Mrs. A. T. Smith. Mrs. Smith returned with them to spend a few days.

Mr. and Mrs. Owen Miller, and daughters, Sandra and Peggy, and Billie Price of Plainview spent Sunday visiting with Mrs. Elzie Price and Ruth.

Mrs. R. E. Gatten of California is here for a visit in the home of her parents, Mr. and Mrs. G. A. Costley. Mrs. Gatten will be remembered as the former Dorothy Costley.

Mr. and Mrs. J. J. Walker and Mrs. Walker's sister, Mrs. J. R. Allen, of California, spent one day last week visiting in the home of Mr. and Mrs. Bengy Estes in Plainview.

Mr. and Mrs. George Nance were in Vernon last week to attend the annual rodeo which was being held in that city.

Miss Claudine Foster of Amarillo spent the week end here visiting in the home of her parents, Mr. and Mrs. Mark Foster.

Mr. and Mrs. Ed Gretman and daughter of Elk City, Okla., spent the week end visiting in the G. W. Harwood home.

Help Keep Canyon Clean!

Editorials

STARTLING DATA

The report of the New York Times School Survey reveals the following startling facts:

1. 350,000 teachers have left the American public schools since 1940.
2. 125,000 teachers, or one out of every seven in the profession, are serving on an emergency or substandard certificate.
3. 70,000 teaching positions are unfilled because of the inability of communities to get the necessary teachers.
4. 60,000 teachers in the U. S. have a high school education or less.
5. 20 percent of all teachers, or 175,000, are new to their jobs each year—twice the turnover that existed before the war.
6. Classroom teachers get an average of \$37 a week today; 200,000 get less than \$25 weekly.
7. Fewer students are entering the teaching profession than in the past; 22 per cent of all college students attended teachers colleges in 1920, today 7 per cent attend.
8. Veterans do not want to prepare to teach. Only 20,000 of the 1,000,000 veterans in American colleges and universities are in teachers colleges.
9. 6,000 schools will be closed because of lack of teachers; 75,000 children will have no schooling during the year.
10. 2,000,000 children will suffer a major impairment in their schooling because of poor teachers.
11. 5,000,000 children will receive an inferior education this year because of the inadequate teacher supply.
12. Only 50 per cent of the teachers employed in 1940-41 are still teaching today.
13. The average teacher in the U. S. today has had one year less education than she had in 1939.
14. 50,000 men have left the teaching profession since 1940 and are not coming back. Only 15 per cent of all elementary and high school teachers are men.
15. Twelve major school strikes have taken place since September—and many more are being threatened.
16. The morale of the teachers has dropped to a new low.
17. 56 per cent of the teachers of this country do not have tenure protection.
18. The U. S. spends 1.5 per cent of its national income for its schools. Great Britain spends an estimated 3 per cent; the Soviet Union spends 7.5 per cent.
19. Appalling educational inequalities exist throughout the nation. Top schools spend \$6,000 per classroom unit, bottom ones spend \$100. The national average is \$1,600.
20. School buildings are in a deplorable state all over the nation. Nearly five billion dollars will be needed to bring the educational plants into good condition.—Edpress News Letter.

The people of Randall county are going to hear a lot of discussion during the next few weeks of the school situation. This discussion is going on in every community of the United States. Perhaps the interest of the public in the welfare of the schools resembles the situation of the fellow who put a lock on the barn after the horse was stolen. We suspect that the people have been very negligent in their interest of the welfare of the schools. Most of us have had the idea that school will go on regardless of the public attitude, or the preparedness of the teachers who look after the welfare of the children. We have looked at the schools in a sort of passive attitude, without bringing home to each citizen the full effect of unprepared citizens during the future generation. The little kids of today will be the rulers of this nation in the future. Unless they are properly educated today, they will miss their true goal in the future. A good education is about all that any citizen can give to the boys and girls who will run the nation in the next generation. The people of Randall county must take the educational lead of the Panhandle. We must have the best public schools which are available to the people of this great nation. Putting off until a future date the things which we should have done several years ago will not improve the situation, or make the future generations think more of us. Let's help ourselves by helping our schools.

Usually we do not become over-enthusiastic over wheat prospects. Many times during the past 36 years we have seen good crop prospects fold up almost overnight. At other times we have seen crops of wheat which would almost burn in the

fields at this time of the year, develop into good yields before harvest time. This has led to the old saying that the Panhandle will promise less and produce more than any place in the world; and likewise promise more and produce less. But this year it is different. Ideal conditions have prevailed for a major part of the 1947 wheat crop. After all no one can safely predict a wheat crop until the grain is in the elevator, but just how much better prospects could there be than right now? About the only two things that could do great damage is hail and rust. We shall see what we shall see.

As we look over the affairs of the world, most of us were somewhat dismayed to think that Hitler threw in the sponge two years ago. While we were having good cooperation along the Allies during the war, the iron curtain was pulled down tight after the shooting stopped; and cooperation has been supplanted by suspicion and secrecy. We are not one who believes there is remote chance of war with Russia, but the antics of discussion, procrastination, and bad feelings are sure getting on the nerves of the American people.

President Truman indicates that he will press for the passage of the universal military training bill. Personally, we believe that the President is on the wrong track if he wants to rush all 18 year old boys off to a military camp for a year or 18 months where they will be subjected to all of the degrading moral influences that exist in the nation. If the President has in mind the installation of compulsory military training in the schools and colleges

OUR DEMOCRACY—by Mat

SELECTED SEED

WHEN METHODS OF SEED SELECTION WERE ENTIRELY UP TO THE INDIVIDUAL FARMER, THE RESULTS WERE NECESSARILY "HIT OR MISS." EVEN WHEN A MAN DEVELOPED A CERTAIN TALENT, HE HAD LESS ASSURANCE OF GOOD CROPS THAN TODAY WHEN HE HAS THE BENEFIT OF ORGANIZED FACILITIES AND SCIENTIFIC METHODS APPLIED TO PLANT BREEDING AND SEED SELECTION.

SIMILARLY, IN THE EARLY DAYS OF OUR COUNTRY, AN INDIVIDUAL, NO MATTER HOW PROVIDENT IN PLANNING FOR HIS FAMILY'S FUTURE SECURITY, LACKED THE ASSURANCE OF SUCCESS WE HAVE TODAY WITH OUR ORGANIZED FACILITIES FOR THRIFT AND SAVINGS SUCH AS LIFE INSURANCE AND SAVINGS ACCOUNTS.

of the nation, that is a different story, and one that will work. After all, just how much benefit will military training today do men who might have to fight a war 10 years from now? Military tactics and equipment changed so much between World War I and World War II that the old soldiers had to learn all over again.

We learn that a group of Texas girls who are making good in New York on the air have been forced to join three different unions before they are allowed to appear in radio work. Why? Probably for the purpose of giving jobs to three different groups of labor racketeers who are out to embarrass those who buy the services of radio artists; and to impress upon the members of the union the worthiness of the union program. We wonder just how long the American people are going to stand for such nonsense.

Communism, which appeared for a time to be riding high in Latin America, is encountering reverses now in the three countries where the Communist Party is strongest. In Cuba, the Communist hold on organized labor is slipping. The Communist Youth Union has been banned in Brazil. In Chile, President Gabriel Gonzalez Videla has appointed a new cabinet, thus removing the Communists from ministerial posts, the first the party ever held in the Western Hemisphere.

The recent explosion at Texas City, Tex., will have serious repercussions in France. Texas City was the principal supply port for the French Purchasing Mission in the U. S. In dock there was enough flour to supply all of France for a week. In addition, the French also had large quantities of cotton and rubber on Texas City docks. Both commodities are needed to keep France's rubber and textile industries operating. Four hundred railway cars consigned to France also are believed to have been destroyed.

Chinese Nationalists are putting pressure on T. V. Soong to rejoin the Government, but he is giving them scant attention. Soong's bitterest rivals, the men who forced his retirement, have sent him personal apologies and admit privately that the Government has lost its "most modern mind." Soong says he is not interested unless there is a complete change in the present Government.

General of the Army Douglas MacArthur has complained to the Japanese Government against the mishandling of local elections in the country. Almost 10 per cent of all the ballots cast were invalidated. The Allied Commander has threatened to throw out the Diet elections unless they are conducted more properly than were the local elections.

Help Keep Canyon Clean!

Using Turkey as an example, countries of the Middle East are appealing to Washington for cash, with the fight on communism as their bargaining point. Saudi Arabian officials have told the State Department they can suppress communism in their country for \$100,000,000 from the U. S. Iranian representatives say it would take \$250,000,000 to do the job in Iran. Neither suggestion will get immediate action from the U. S. Communists, by their own figures, claim no party members in either country. The most they claim anywhere in the Middle East is 8,000 adherents in Syria.

The governments of Greece and Turkey were not formally notified in advance that President Truman planned to recommend U. S. financial assistance for them. So rapidly did the proposal come that officials of both countries first heard of it through regular news channels. Ever since the war ended however, Turkey has been anxious to obtain huge credits from the U. S. to finance the purchase of modern military gear and transportation equipment.

The U. S. War Department hasn't been able to figure out how to break the news to Congress that it will take \$250,000,000 to redeem the German marks cashed by U. S. troops through trading on the black market during the first year of occupation. The amount is three times

THE STATE OF TEXAS

To: C. O. Hayes, Defendant, Greeting:

You are hereby commanded to appear before the Honorable 47th Judicial District Court of Randall County, at the Court House there-of, in Canyon, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of 42 days from the date of the issuance of this citation, same being the 23rd day of June, A. D. 1947, then and there to answer Plaintiff's petition filed in said Court on the 6th day of May, A. D. 1947, in this cause. Numbered 1974, on the Docket of said Court and styled EULA K. HAYES, Plaintiff, vs. C. O. HAYES, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce on the grounds of voluntary abandonment for three years, with the expressed intention of permanently abandoning plaintiff; and for custody of Plaintiff's minor daughter, Helen Hayes, 11 years of age.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Witness, T. H. Lair, Clerk of the District Court of Randall County, Texas.

Issued and Given under my hand and seal of said Court at office in the City of Canyon, Texas, this 9th day of May, A. D. 1947.

(Seal) T. H. LAIR, Clerk District Court Randall County, Texas.

Fort Worth Trade Trippers Coming to Canyon May 28

Canyon is on the second day of a four-day schedule of the Fort Worth Chamber of Commerce Business Executives Tour of West Texas and New Mexico.

The Fort Worth business men will call informally on their Canyon friends when their special train arrives at 10:10 a. m., May 28.

"We are reviving our business executives tour of West Texas and New Mexico which was suspended

during the war years," Gaylord J. Stone, president and general manager of Universal Mills and tour chairman said. "It is our desire to meet the business leaders of the 26 cities we are visiting and to discuss with them problems of mutual interest for the development of this vast neighboring region."

Other members of the tour reservations committee who will be among the 150 top Fort Worth ex-

ecutives to make the trip are: W. Hoyt Baird, president, Mrs. Baird's Bakery; Lorin A. Boswell, vice-president, Boswell Dairies; Homer Covey, president, Worth Food Markets; Ed J. Ernest, division superintendent, Southwestern Bell Telephone Company; J. Porter King, vice-president, King Candy Company; Homer W. Ladd, president, Ladd Furniture Company; Galen H. McKinney, vice-president and general manager, Waples-Platter Company; David L. Tandy, vice-president, Hinckley-Tandy Leather Company; Melvin J. Miller, Dubose, Rutledge & Miller, and president of the Fort Worth Chamber of Commerce, and William Holden, Chamber of Commerce executive vice-president.

Build Jet-Powered Bombers for Army

Scheduled to Be Test-Flown About Midsummer.

LOS ANGELES. — Northrop Aircraft, Inc., is building for the army two jet-powered versions of its famous Flying Wing bomber that are scheduled to be test-flown here about midsummer, a company spokesman said.

The two jet jobs are part of 15 Flying Wing planes being built for the army air forces; the rest will be conventionally powered.

The great planes, with 172-foot wing span and weighing more than 200,000 pounds gross, will be driven by eight jets developing an aggregate of 32,000 horsepower. The planes will have the same general appearance as the present Flying Wing, the B-35, except for the substitution of jet engines for the conventional type.

The B-35 employs four 3,000-horsepower engines and is known as one of the longest-range aircraft in the world.

The big jet wings of the new plane, seven feet thick at the center, will provide comfortable crew quarters for 13 men, the Northrop spokesman said, which include seven on duty—pilot, co-pilot, navigator, radio operator, flight engineer, bombardier and gunner.

Northrop made no mention of the estimated speed of the new craft, but did say that it will not be as long-ranging as the B-35, which can carry a 10,000-pound bomb load more than 10,000 miles nonstop.

Landing gear will be of the tricycle type. Northrop-designed elevons, performing the functions both of elevators and ailerons, will be located on the trailing edges of the wing.

The trip flap and rudder assembly will be on the wing tips.

Mountains of Western

U. S. One Time Islands

CHICAGO. — The great thickness of rock strata that were warped and uplifted to form the western United States mountains originally were derived from erosion of the huge chain of volcanic islands west of the present Pacific coastline, according to Dr. E. J. Eardley, University of Michigan geologist.

Eardley said that the sediments comprising the layers of rock in the Rockies, Sierras and Coast ranges were washed into ancient shallow seas that extended from Alaska into Mexico.

Because of the great bulk of rock material dumped into troughs in what now is the western United States, the ancient volcanic islands to the west must have been at least as large as the present Japanese or Philippine archipelagos, he said.

A final halt to volcanic activity in the islands caused them to disappear, Eardley said. This probably resulted from a shift of earth stresses to the east, which increased the size of the continental mainland and produced the mountain ranges seen today.

British Shipowners to Get

Surplus U. S. Cargo Vessels

LONDON. — British shipowners have been authorized to buy 100 million dollars worth of surplus U. S. cargo vessels, Minister of Transport Barnes told the House of Commons.

A spokesman for the ministry later said Britain was eager to obtain quick action on the purchase. He added that last spring British shipowners had offered to buy 40 ships, valued at about a million dollars each, but had received only seven.

The spokesman said that if Britain were to return the 250,000 tons of U. S. shipping now under the British flag without receiving sufficient replacements by purchase, the nation would sustain a loss in imports of between seven and eight million tons of cargo annually.

Britain now has 16,700,000 tons deadweight of shipping, including rented tonnage, as compared with the 17,200,000 she possessed in 1939. War losses amounted to 11 million tons.

Eleven Novels Are Named In

Selection of Best '46 Books

CHICAGO. — Only 11 novels were included in the American Library association's list of the 50 outstanding books of 1946.

The novels chosen were "Singing Waters," "Bulwark," "The American," "We Happy Few," "The Sudden Guest," "Spoonhandle," "The Fields," "David the King," "Britannia Mews," "Snake Pit" and "Delta Wedding."

Coal Shortage Strikes Heart Of England, 10 Downing Street

LONDON. — The coal shortage in Britain has hit the heart of the nation—No. 10 Downing st., official residence of the nation's prime minister.

An aid told how Prime Minister Clement R. Attlee came downstairs from his living quarters to the cabinet room unshaven the other day.

"No hot water in this blasted place," he explained.

There may be those who prefer to live in Russia but they show no signs of beginning an exodus.

Social Security Benefit Changes Aid Many Workers

A change in the Social Security Act that will benefit a number of retired workers in the Texas Panhandle Area was made by the 1946 amendments to the act, according to an announcement made today by John R. Sanderson, Manager of the Social Security Administration office in Amarillo.

The amendment provides that the retirement payment may now be refigured as of the date which will give the highest benefit rate. This provision will provide a raise for those who waited for some months after retirement or after leaving covered employment before filing their Social Security Applications. Retired workers who think that this provision might cause an increase in their payments should get in touch, in person or by mail, with the nearest Social Security Administration office at once.

Although this amendment gives added protection to the retired worker, it is still advisable for each worker to contact the Social Security Administration when he becomes 65 years of age and to file his claim as soon as possible after retirement. Any Social Security Administration field office will furnish assistance in filing claims.

Over 50,000 Universal Jeeps' Now at Work on Farms and Ranches!

THE 'JEEP' DOES MORE JOBS—

- Pulls plows, discs, harrows, and other farm implements.
- Hauls loads to 1200 lbs. on or off the road.
- Tows loads to 2½ tons at highway speeds.
- Power take-off delivers to 30 hp on the belt.
- Powers mowers, sprayers—other shaft-driven equipment.
- Works the year 'round!

The Universal "Jeep" has proved its value in the best test of all—round-the-year use on thousands of farms and ranches.

The "Jeep" is the all-around vehicle farmers needed—always ready for hauling, towing, field work and powering equipment. With 2- and 4-wheel drive (6 speeds forward, 2 reverse) and power take-off, the "Jeep" has power and versatility to handle almost any farm job. It is a paying investment. Come in now and inspect it.

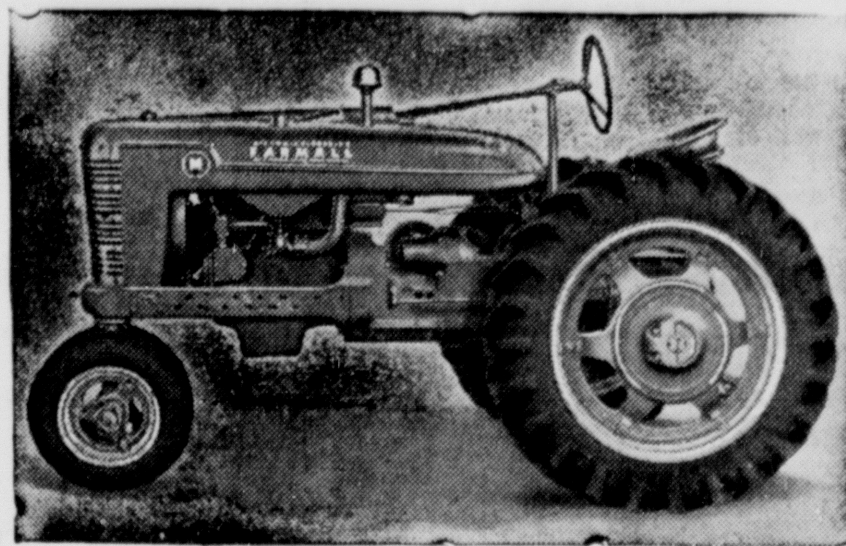

Let us demonstrate on YOUR land using YOUR implements!

Cheri Kilchriste Becomes Bride of M. Wayne Slagle

Nuptial vows were solemnized for Miss Cheri Kilchriste, daughter of Mrs. A. W. Harding and M. Wayne Slagle, son of the Rev. and Mrs. G. R. Slagle, 2340 Knight St., Dallas, on Saturday, May 10, at 7 p. m., in the Methodist parsonage.

Rev. Hubert Thomson, pastor, read the double ring service. Mr. and Mrs. G. E. Gibson were the only attendants.

The bride chose for her wedding, a two-piece suit with white accessories. Her corsage was of pink and white carnations.

She was graduated from Canyon High School and at the time of her

marriage was employed at J. J. Walker's Drug Store.

The bridegroom completed his education at Nocona, and later served in the glider corps with the armed forces.

Mr. and Mrs. Slagle will be at home in Wichita Falls where he is employed with the Southwestern Bell Telephone Company.

Shower

A tea-shower, honoring the bride-elect was given in the home of Mrs. J. J. Walker Friday afternoon at 4:30, with Mrs. Walker, Mrs. Joe Cox, and Mrs. E. P. Harding acting as co-hostesses.

Guests were greeted as they arrived by Mrs. Cox, the honoree, Miss Kilchriste, and her mother, Mrs. Harding. Miss Edna Earl Henderson presided at the bride's book and secured the names of the guests.

Purple iris and yellow tulips decorated the room where the gifts were displayed.

At a table covered with lace and set with crystal, Mrs. Malcolm Cashwell served punch, nuts, mints and white cakes, enshrined in blue with "Cheri and Wayne."

Bluebonnets and white lilacs carried out the bride's chosen colors of blue and white in the centerpiece and mantel decorations in the entertaining room.

During the evening, approximately sixty guests called or sent gifts.

Mr. and Mrs. Larry Holman and children have returned to Canyon to make their home after residing in California for the past several years.

Mr. and Mrs. Connally Lockhart spent Sunday visiting with Mrs. Lockhart's grandmother in Vega.

Wedding Rites Are Announced

In a beautiful and impressive wedding ceremony, Miss Evelyn Schaeffer, daughter of Mr. and Mrs. E. W. Schaeffer of the Fairview community, near Happy, became the bride of Rayford Shipman, son of Mr. and Mrs. Ross Shipman of Seymour, Sunday, May 4. Vows were exchanged at 2 o'clock in the home of the bride's parents, with the Rev. Gerald Johnson, pastor of the Fairview Baptist church, officiating.

Miss Annabel Schaeffer, sister of the bride, played a medley of piano selections which included, "I Love You Truly," "Till the End of Time," "Sentimental Reasons," and accompanied Misses Mary Wise and La Vinia Amerson, who sang, "Always." She also played the wedding march. Bride's maid was Miss Payrene Schaeffer, also a sister of the bride, who wore a street length dress of pale blue, and a corsage of pink carnations.

Hoyle Shipman of Fort Worth served his brother as best man, and ushers were Melvin Schaeffer and Wayne Sluder.

The bride, who was given in marriage by her father, was attired in a street-length dress of white, and carried a white Bible. For "something blue," she carried a blue handkerchief. Her corsage was of red roses.

Mrs. Schaeffer, mother of the bride, chose an aqua dress, and her corsage was of pink carnations. The bridegroom's mother was attired in a black sheer dress, and she wore a corsage of red roses.

Following the ceremony a reception was held, and the bride, assisted by the bridegroom, cut the wedding cake, which was baked by Miss Vesta Amerson, friend of the bride. The cake was served with punch to the sixty-seven guests.

Miss Amerson presided at the brides book.

After the reception, the couple left for a short wedding trip, and will be at home in the near future at the H. H. Shipman farm, near Happy.

The bride is well known in the community and has served as secretary of the Fairview Sunday school, as secretary and treasurer for the Randall County Sing-Song Band, and co-sponsor of the Fairview Girls 4-H Club. She is a graduate of Happy High School with the class of '41.

The bridegroom served for four years with the U. S. armed forces, thirty-four months of which were spent in the South Pacific with an infantry division. For the past year he has made his home with Mr. and Mrs. H. H. Shipman. He is a nephew of P. H. Shipman of Wayside. At the present time he is vice-president of the Training Union at Fairview.

Shower

On Thursday afternoon, May 1, at 2:30 o'clock, the bride-elect was honored with a bridal shower in the home of Mrs. J. W. Wesley, with Mrs. A. E. Wise and her daughter, Mary, Vesta Amerson and Mrs. T. J. Myers as co-hostesses.

The entertaining rooms were decorated with cut flowers. Guests were greeted by Miss Amerson, and Miss Wise presided at the guest book. Piano selections were played by Miss Annabel Schaeffer.

The guest of honor was seated with her mother, Mrs. E. W. Schaeffer. She wore a dress of pastel gray combined with aqua and rose. A wagon decorated in pink and white and laden with many appropriate and useful gifts for the honoree was brought into the room by Charlene Wesley and Doyle Gene Shipman.

Punch, cookies and mints were served by the hostesses from a lace covered table which was centered

with an arrangement of spring flowers.

Approximately ninety friends and relatives registered in the guest book.

SUE HITE CLUB HAS "PERSONALITY" STUDY

Dr. Leo Dufloft was guest speaker for the afternoon when the Sue Hite Study club met Monday in the Thompson Club room. Topic for the occasion was "Personality Disorders in Children."

Following the program, Dr. Dufloft answered questions asked by the members of the club.

Mrs. Virgil Henson, president, conducted the business session when, "Our American Heritage" was adopted as the program theme for the coming year.

Final meeting of the year will be a tea in the home of Mrs. Robert Jarrett, May 26, when Miss Helen White Moore will present a book review.

Attending were: Mrs. W. C. Bowen, Mrs. Herschel Coffee, Mrs. Levi Cole, Mrs. Aubrey Crossland, Mrs. Dewey Foster, Mrs. W. F. Haggard, Mrs. Harold Heard, Mrs. Henson, Mrs. Crews Henry, Mrs. Jarrett, Mrs. A. C. Kieselbach, Mrs. W. A. Miller, Mrs. W. E. Miller, Mrs. Hud Prichard, Mrs. Burney Slack, Mrs. Cranell Tolliver, Mrs. Glenn Truax, Mrs. Chris Wooten, Mrs. Hatcher Brown, Mrs. Sidney Burgess, and Miss Eula Potter.

MRS. CRISTLER CRAIN IS PLEASANTVIEW HOSTESS

Mrs. Cristler Crain was hostess to members of the Pleasantview Home Demonstration Club in her home, May 8, for a program and demonstration.

Mrs. R. N. Cooke read a group of poems, and Mrs. Crain presented her committee report. The report from the council was given by Mrs. John Jennings.

The housing demonstration and Play Day were discussed, and Miss Lou Ella Patterson, agent, discussed wiring.

Refreshments were served to Mrs. A. W. Howell, a new member, Miss Patterson, Mrs. Hicks and Mrs. Hank Decker, guests, and the following members: Mrs. Cooke, Mrs. Jennings, Mrs. Earl Burtz, Mrs. M. B. Brown, Mrs. Milton Dooley, Mrs. Bob Robbins and the hostess.

Mr. and Mrs. Worth Jennings went to Childress Friday to attend the funeral services for a friend.

G. B. Heath and John Wright are spending the week fishing in New Mexico.

Gordon McCarty of Amarillo was a Canyon visitor Monday.

WEDDING ANNIVERSARY IS CELEBRATED AT DINNER

Children and grandchildren of Mr. and Mrs. J. W. Bourn assembled in their home Sunday for Mother's Day and to celebrate the forty-fourth wedding anniversary of Mr. and Mrs. Bourn, which was May 10.

A fried chicken dinner was served to 28 children, grandchildren and guests.

A number of appropriate gifts were received by the honorees.

Present were: Mr. and Mrs. Ed Bourn and children; Mr. and Mrs. Bill Bourn and children of Amarillo; Mr. and Mrs. Jim Strain, Mr. and Mrs. R. A. Burrus and Betty; Mr. and Mrs. John McNeil and children, of Pampa; Mrs. Mary Hill and Steve; Sue Jennings, Bill McConnell, Shannon Albright, Fred and Ralph Mardis, and Mr. and Mrs. Bourn. Mr. and Mrs. Bill Sternberg called during the afternoon.

DEMONSTRATION CLUB MEETS FOR PROGRAM

Mrs. A. E. Wise was hostess to members of the Centerview Home Demonstration Club for the Friday afternoon program. Members answered roll call with "Some new electrical equipment I have or plan to get." Several named new freezing units.

Miss Lou Ella Patterson, county home demonstration agent, discussed, "Danger Ahead if You Do Not Include Adequate Wiring."

Refreshments of punch and cookies were served to Misses Patterson, Evelyn Schaeffer, LaVenia Amerson and Mrs. Emil Schaeffer, Mrs. G. E. Wesley, Mrs. Oscar Reed, Mrs. Clayton Devin, Mrs. Doris Gillham, Mrs. T. J. Myers, Mrs. Wise, members, and Mrs. Busby and daughter, guests.

Miss Irma Sutton returned Monday from a vacation trip to South Texas.

Mrs. J. D. McElroy has been visiting with friends in Plainview.

"MRS. MIKE" REVIEWED AT COUNTY-WIDE TEA

"Uncle Jay" of Amarillo's radio station KGNC reviewed the book, "Mrs. Mike," by Freedman, when the County-Wide Home Demonstration Club tea was held in the Baptist church Saturday afternoon. Eighty-two members and guests registered.

Mrs. Wayland Angel and Mrs. Crews Henry directed the recreation hour preceding the review.

Mrs. R. A. Burrus, council chairman, presided at the tea service, and refreshments were served from a lace covered table, which was centered with an arrangement of tulips and yellow tapers. The rooms were decorated with bouquets of spring flowers.

R. A. Adcock of Orange, is visiting this week in the home of his mother, Mrs. W. R. Adcock.

Jim Cox of Long Beach, Calif., is here for an extended visit in the home of Mrs. Pennie Cox.

Mr. and Mrs. J. A. Manley have returned from a trip to Coleman.

"I LOST 51 LBS."

Alaska Offers Land To More Families

Matanuska Project Suggested Near Anchorage.

WASHINGTON.—At least 640 new farm families could make a go of it "right now" in Alaska, bureau of land management estimates.

Almost half of them—310 families—could establish a sort of little Matanuska project on Kenai peninsula, southwest of Anchorage, the bureau reported.

Simultaneously, the bureau of mines estimated that Alaska had added two billion dollars to national wealth in 80 years as a United States possession, and still contained vast unexploited resources. Oscar L. Chapman, acting secretary of the interior, said that Alaska's mineral resources were sufficiently varied to form the basis for a much more general industrialization than had yet taken place.

The land management bureau, in a listing of Alaskan areas suitable for agricultural settlement, said that Alaska had less than 650 farms.

The bureau estimated that the 640 proposed new families would have "reasonable expectation of establishing successful farm enterprises" in specified localities. It said that 640 was a "conservative minimum" which under favorable conditions in several areas might be doubled, and added:

"Assuming that each new farm family would cultivate the minimum acreage required by the homestead law—20 acres of each 160 acre tract—a total of 12,800 additional acres would be brought into production.

"This would mean at least a doubling of the present cultivated acreage, reported to be about 11,000 acres, of which less than 7,500 acres were harvested."

Of 310 families which the report estimated could be established on Kenai peninsula farms, 100 would settle in the vicinity of Homer, 100 at Kenai, 75 at Kaslof, 20 at Ninilchik and 15 in the Anchor Point area. The report said "there is much more good agricultural land" on Kenai peninsula.

Other proposed settlement areas include Matanuska valley, 75 families; Tanana valley, except the upper part; Kodiak island and southeastern Alaska.

Average American Has \$2,140 Saved for Storm

CHICAGO.—A research organization reported that Americans have saved away an average of \$2,140 a person in various kinds of savings for a rainy day.

The research council for economic security, supported by many large business firms, credited the nation with a "nest egg" of 300 billion dollars in bank savings, investments and insurance. A breakdown of the "nest egg" showed the following:

Savings (cash, deposits, government bonds) 175 billion dollars; privately owned real estate, 60 billion dollars; investments (stocks, bonds, etc.), 30 billion dollars; life insurance (actual cash value), 40 billion dollars.

London 'Bobbies' Ask for Caps And a New Style of Uniform

LONDON.—London's "bobbies" may lose their tall helmets, a characteristic of the London scene since 1864 when they replaced the old beaver top hat. The helmet was chosen as ideally combining a double function, covering the head and providing protection against blows and missiles.

For some time there has been a feeling among the police that changes should be made in the design and quality of their uniform.

An open-neck tunic worn with collar and tie, and with a flat cap instead of a helmet, was recently demonstrated in Wiltshire and met with great approval. There is also a general desire for summer and winter-weight trousers.

Mercy Slayer Is Given Death Sentence on Murder Charge

MAIDSTONE, ENG.—Gordon Richard Long, 46, pleaded guilty to a murder charge for the mercy slaying of his 7-year-old deformed and imbecile daughter, Jessie. He received quietly a sentence to death on the gallows.

Eric Neve, his lawyer, said that Long had told the police: "I loved my daughter very much—more so than if she had been normal—and bringing about her death in this way was the hardest thing I have ever done."

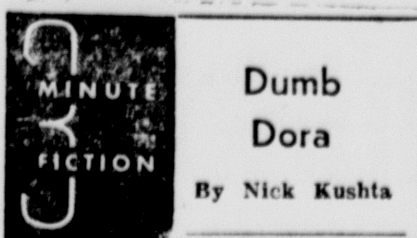

He had asphyxiated her with gas while he lay beside her with his gas mask on.

Metal Stockpiles Reported Falling; Government Warned

WASHINGTON.—Elmer W. Peterson of the bureau of mines warned congress that the nation's stockpiles of strategic metals and minerals were dwindling so rapidly that "it would be very difficult to mobilize industry for another war."

Testifying before a house public lands subcommittee, he said the United States was "very vulnerable" on that score.

Mr. Truman now stands up when someone asks from the stage: "Is there a doctrine in the house?"

Dumb
Dora

By Nick Kushta

WNU Features.

DORA's my girl and I guess I can call her dumb, but she's my girl and nobody but me can call her dumb. She's a brunette and a cute little thing, all cuddly and nice and I want to marry her. I come out of the army all set to get hitched but she says no, I ain't man enough for her.

Her brother, Dick, is the model for the kind of man she wants. Well, I'm only a truck driver and not much up on the brains department but Dick ain't half as smart as I am.

"Dora," I says to her, "I been out of the army a month now and every minute of the 18 months I been overseas I've been thinking of coming back and marryin' you right off. You say no." And Dora says, "I like you Joe but I don't know if I'll be happy with you. You see, Joe, my Pops ran a gymnasium and he was really muscled. Dick is just the same way. I'm so I expect it of a man, Joe."

I finally propositioned her, "Listen, kid, if I get to show you I'm as much a man as Dick will you marry me?" She looks at me for a long time. "Sure," she says, "I like you, Joe. I like you a lot, but I wanta marry you without any doubt in my mind."

Well, the first idea I get doesn't work out too well. I ask Dora and Dick to go out to the beach. I'm a pretty good swimmer and something might happen. A kid might be drowning and I could save him. You can't tell, and it's worth a try.

But when you size me up next to Dick I see it's a mistake to come out to the beach. This is my first time out and my skin is all white and I gotta admit it, I look flabby.

Nobody but me can call her dumb. She's a brunette and a cute little thing.

Dick's got a physique I would have admired if he weren't my problem. The next brain wave I get is when I go to the gym with Dick. He fights a little and exercises with the barbells, lifting them over his head like nothing. I went over to the boxing ring. The gym's got a weekly card and some punks are sparring with balloon gloves, trying to get a place on the card. I watch them for a while and before I know it I'm hollering bits of advice to one of the kids.

"SAY, why don't you go into the ring," some guy suggests, and I'm in a pair of trunks sparring away. I don't know much more about fighting but what I learned from common sense. Common sense means a lot in the ring, though, and pretty soon I'm actually enjoying it up there. I collected a nice crowd.

So I'm signed for the Saturday night card. I figured it's okay because I can get Dora there, and she'll see me knock out my opponent and we can get married. As simple as that. But what I ain't figured on is that they put Dick up to fight against me.

Dora's sitting at the ringside. Before the fight she said, "May the best man win," and her lips trembled and her eyelids fluttered. I wanted to walk out, but it was too late, and she wants both of us to win!

In the first round, I bopped Dick hard. He's pretty muscle bound and can't move fast. I hear Dora in the first row hollering at me, "You baboon. Crook. Double-crocker." And those aren't nice things to say. "Hit 'em hard, Dick. Knock him out!"

I look in her direction and Dick hits me with a terrific punch. I fall down but wait until the count of nine so I can get rested a little. All this time I'm looking at Dora and she's hollering, "Atta boy, Dick, atta boy!" And she's waving her hands, smiles all over her face.

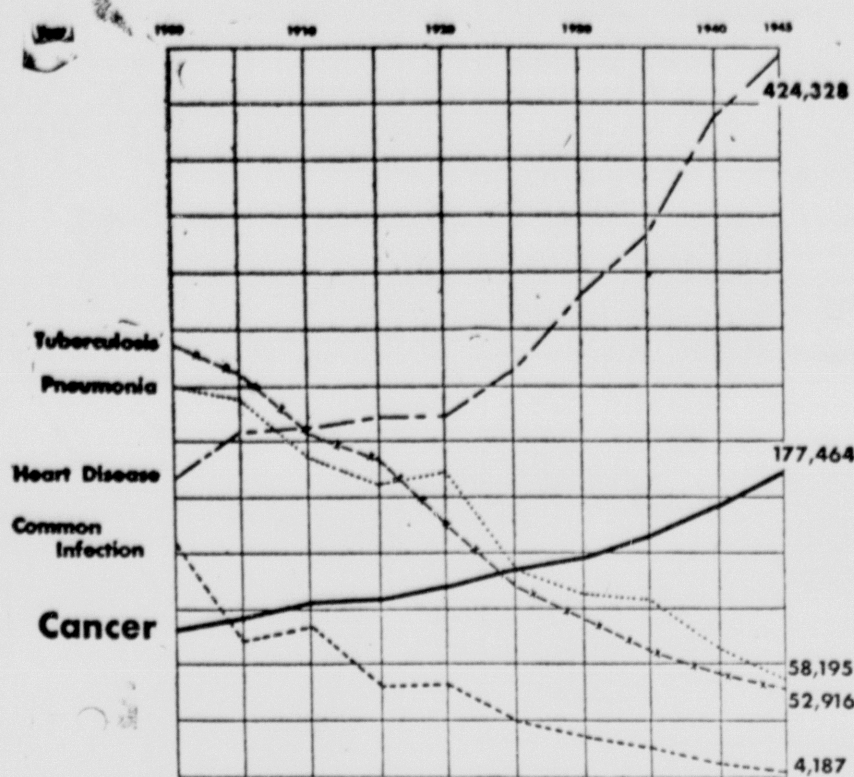

This is too much, even for me. I don't care for nothin' now. I get up from the floor, feeling disgusted, disgraced and mad. Some driver friends are betting pretty heavy on me. I had been thinking of letting Dick walk away with the fight when I saw Dora wanted him to win, but not now! Nuts to these fickle dames!

I look at Dick's chin and let him have it. Dick crumples. I win. I walk to the dressing room, shower and dress. I'm in a terrible mood 'cause I feel I lost even though I won, but Dora ought to be more reasonable!

"Congratulations!" someone says, as I'm walking out. It's Dora. "My hunk of man." She melts in my arms and I kiss her good. Oh boy! This plan has worked.

Help Keep Canyon Clean!

THE NO. 2 KILLER -CANCER

Cancer ranks second among all causes of death. Charted are the death rates for tuberculosis, pneumonia, heart disease, common infectious diseases and cancer, from 1900 to 1945. The number of deaths in 1945 from each of these diseases is shown by the figures on the right.

MRS. KENNETH JONES IS HIGHLAND HOSTESS

Mrs. Kenneth Jones was hostess when she entertained members of the Highland Home Demonstration Club in her home Tuesday afternoon, May 6.

A covered dish luncheon was served at 1 o'clock. Miss Lou Ella Patterson gave a demonstration on wiring plans for the house.

Present were: Mrs. L. M. Cribbs, Mrs. Clyde Jones, Mrs. W. N. Cretzinger, Mrs. L. E. Mason, Mrs. Tapscott, Mrs. Cecil Bryant, Mrs. Kenneth Broadbush, Mrs. A. N. Green, Miss Patterson and a guest, Mrs. Raymond Kimball.

Next meeting will be in the home of Mrs. M. L. Cribbs, May 20.

HOME MAKING STUDENTS MAKE WINDOW DISPLAY

Students of Homemaking Two of the West Texas High School arranged a window in Black's Store this week in connection with their study of personal appearances. The project is directed by Miss Betty Pugh, student teacher.

Girls participating were: Marilyn Condon, Joyce Moore, Helen Ackfeld, Janice Cartrite, Joan Kidwell, Mildred Carter and Beverly Beck.

MRS. HUD PRICHARD IS PRISCILLA HOSTESS

Needlework was the diversion for the Wednesday afternoon meeting of the Priscilla club when it was entertained in the home of Mrs. Hud Prichard.

Spring flowers decorated the home, and refreshments of cherry pudding with coffee were served.

Present were: Mrs. Ernest Brown, Mrs. C. M. Dowlen, Mrs. Frank Hicks, Mrs. Virgil Henson, Mrs. Evette Haley, Mrs. J. L. Dufloy, Mrs. Clyde McElroy, Mrs. J. Madison Daugherty, Mrs. Irvin SoRelle, and the hostess.

EDITH BOYD CIRCLE STUDIES PERIODICALS

Periodicals were studied when members of the Edith Boyd Circle met in the First Baptist church parlor for the program Tuesday afternoon.

Hostess for the afternoon were: Mrs. Moira Myrle Wheelock and Mrs. Idena McBroom.

Present were: Esther Mae Harden, Ruth Henson, Ruth Shero, Hattie Joe Heard, Ocie Lou Parsons, Orla Hughes, Zoe Henry, Betty Crain, and the hostesses.

The nation's railroads will wage an all-out fight for a revival of Government subsidies, pointing out that total revenues have dropped more than 37% since the war's end.

Dutch tulip bulb salesmen are arriving for an intensive selling campaign in the U. S. and Canada. Because Holland badly needs foreign exchange, they're out to pass last

"CHRISTIAN CAREERS" IS METHODIST TOPIC

Miss Moss Richardson was leader for the afternoon when the Women's Society of Christian Service of the Methodist church, was entertained Tuesday afternoon in the home of Mrs. J. R. Ballard.

Sixteen members were present to hear the program on the topic, "Christian Careers Calling Youth."

During the social hour, refreshments of sandwiches, punch and cookies were served by the hostess.

Mr. and Mrs. S. C. Bradford of Pasadena, Calif., are here on business. Mrs. Bradford is the former Mamie Conner, first white child born in Randall county.

Virginia and Leo Rigby of Amarillo spent the week end here visiting relatives.

Mr. and Mrs. H. D. Curtis and Mr. and Mrs. E. J. Watson visited with friends in Borger Sunday.

Mr. and Mrs. W. M. Thompson, Billie and Buddy, spent Sunday visiting with relatives in Plainview.

Bill Patke spent Sunday in Marlin with his father who has been ill.

British production of railway equipment is approaching prewar levels. Since the end of the war, 726 main-line locomotives have been built, and 358 have been shipped abroad. Industrial locomotives produced totaled 70, of which 24 have been sold overseas. About 838 passenger coaches have been turned out. All but 15 have gone into service in Britain. Some 39,354 freight cars have been produced, of which 11,389 have been exported.

The real reason behind the recent resignation of Otto Ostrowski as the Mayor of Berlin is his friendship for Russia and his efforts to swing the city of the Communists. In the end, he was renounced by his own party and supported by the Communist-dominated SED political party.

One prediction about 1948 autos seems safe: Many will have so-called "flush contour" design which extends the body over the wheels and eliminates rear fenders.

As a whole, women are a pernicious influence in politics. They are always housecleaning the same way as they do at home.—Rose Wilder Lane, novelist.

The Egyptian Government will ask the U. N. to cancel the 10-year-old Anglo-Egyptian alliance and force the British to remove all their troops from Sudan as well as Egypt.

You see more horses in Canada than in all of the U. S. Machinery is so expensive that horses are coming back into use again.—Margot Wilson, Canadian Artist.

SERVICE

We Serve Dinners at Night

Fairview Breezes

We will have to re-write the Breezes from last week as we aren't hot and dry. Rain, rain, rain, since Thursday, but we are glad for so nice a rain. Monday morning, the sun is shining, and we hope no more rain for a while.

Mr. and Mrs. J. W. Wesley and Erdene and Vesta Amerson shopped in Amarillo Thursday.

The Farm Bureau met at Fairview Tuesday evening for a social hour. Cookies and pop were served to all present. News is scarce as we can't get to the mail box without walking two miles.

District Nine President Meets With Auxiliary

Mrs. Vada Lee Humphreys, District Nine president of the Veterans of Foreign Wars Auxiliary, was guest of honor of the local chapter Wednesday night, May 7.

Also guests were members of the Silverton Auxiliary whom Mrs. Humphreys installed at the meeting here. From Silverton were: Theo Tillery, Leavie Lindsey, Annette Wilson, Essie Yancy, Nellie McCain, Laura Jones and Ruth Whatley.

Members of the Amarillo chapter who attended the installation were: Eula Payne West, Bernice Hills, Alma Jean Vogel, Julia Lusk, Wanda Bologh, Vera Kelly and Hedwig Eaton.

Hostesses for the evening were Mary Hutchinson, Hattie Brasuel, Maude Walters and Martha Penick. Next meeting will be in the home of Juanita Ziegler.

Mr. and Mrs. C. G. Pond and sons, C. G. Jr., Jerry Pat and Ivan Maethan are leaving the latter part of the week for an extended vacation trip and tour through the southwest to points of interest in Texas, New Mexico, Old Mexico and California.

Mrs. Roy Ransom and daughter, Virginia, were guests this week in the home of her mother, Mrs. N. A. Croson. They are from Claude.

Mr. and Mrs. T. C. Thompson and Mr. and Mrs. C. L. Thompson spent the week end in Carlsbad where they went through the Caverns.

T. C. Gooch and Mrs. J. J. Wright went to Vernon Saturday to be with their mother who is ill.

Mr. and Mrs. A. C. Thompson of Hereford spent Sunday visiting in the home of Mrs. B. C. Taylor.

Mr. and Mrs. Oscar Parsons and children of Wildorado were Canyon visitors Monday.

R. T. McDaniel, Cecil Simms and F. M. Brown returned Monday from a fishing trip to Conchas Dam.

Industries in the Russian zone of Germany are facing a steel shortage that will paralyze a large share of the plants now working for Russia. The Russians have removed from their zone four of its five iron and steel works. The one steel mill remaining cannot produce the \$380,000,000 tons of cast iron, steel sheets and ingots needed monthly by manufacturing industries in the zone.

Since the end of the Moscow Conference, private estimates have been made that the U. S. will have to spend \$1,000,000,000 yearly in 1947, 1948 and 1949 in order to get the economy of Germany back on a sound footing. This figure contrasts with the planned cost for this year of \$350,000,000, to be matched by Britain in the bizonal operation of Western Germany.

Diplomats say one of the biggest obstacles in Big Four negotiations is the tendency of Russia's Minister Molotov to promise everything to everybody, with the knowledge his promises cannot be carried out. At the Moscow Conference, for example, Molotov supported: more coal for France, more reparations for Russia, more exports for the U. S.-British zones and higher standards of living for Germany itself.

CARAT CONNOISSEUR

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of May 11, 1922)

The county will rebuild the bridge which was washed out on Spring Draw last week.

County Democratic Chairman A. N. Henson, has announced the appointment of the following precinct chairmen: C. D. Lester, Charles Stratton, T. V. Slack, H. C. Zachry, James E. Park, J. W. Blair, Joe Pope, Ben Hess.

J. D. Gamble, Jr., placed in the semi-finals of the state declamatory contest of the Interscholastic league at Austin.

J. A. Oden states that poison grain is killing the prairie dogs on his ranch.

Canyon citizens are up in arms about the large number of cases of theft of flowers which are reported to the peace officers. Flowers are stolen from the homes practically every night.

Clarence Owsley, candidate for U. S. Senator, spoke to the voters of Randall county.

The safety record of world air lines during 1946 shows that more than two thirds of the international carriers had no fatal accidents. Of 60 scheduled lines flying international routes, 42 had no fatalities. Some lines claim a continuing record of safety over periods of from 6 to 17 years. In all, 18 lines had 33 fatal accidents last year, causing 298 deaths. World air lines flew a total of 8,346,000,000 passenger miles. Thus they had one casualty per 28,314,000 passenger miles. That compares with one casualty per 80,000,000 on domestic air lines in the United States.

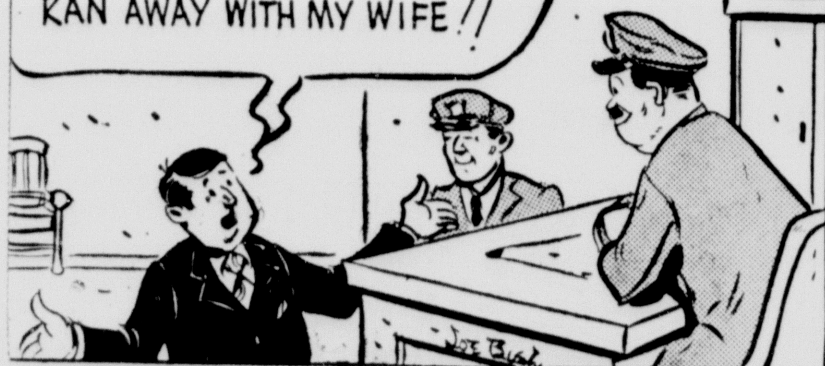

A business executive of one of the larger U. S. firms has been decided upon tentatively as the man who will direct the U. S. program for building up Greece. President Truman's closest advisers, including some Senators who will pass on the appointment, skipped over the idea of putting a trained diplomat or a military man in the post. The reason for by-passing the latter is the desire to play down as much as possible the military aspects of the program.

The radio and film industries are anti-democratic. Their superb techniques are being used for a progressive vulgarization of the public mind and for a debasing of the public morals.—Mrs. Eugene Meyer, wife of the editor of the Washington Post.

Get B. F. Goodrich Silvertowns that OUTWEAR PREWAR TIRES

Interested in saving money? Here's your answer. The wider, flatter B.F. Goodrich tread puts more rubber in contact with the road. This greater road coverage means more rubber to share the wear, less wear at any point, a longer lasting tire that covers more ground before its service life is ended. Millions of test miles and actual experience in regular car owner

use prove this tire actually OUTWEARS PREWAR TIRES. Remember price is only what you pay... what a tire costs you is measured in length of service. That's why we say... invest in the best... the new B.F. Goodrich Silvertown... costs less per mile... is best in the long run. You pay no premium for the extra value features of the new B.F. Goodrich Silvertown... and per mile it saves you money.

Anywhere You Look There's Oil

But Most Surprising of All Locations Is High in Colorado Clouds.

HAMILTON, COLO.—Look where you will—in the Pacific ocean, off the coast of California, in the jungles of South America, in the dust bowl of Oklahoma—you can always find an oil field.

Travel the world over and you will never see one in a more surprising location than the Wilson Creek field of Colorado. Anyone but an oil man, who takes his oil wherever he can find it, would wonder how the field ever was discovered in the first place.

For Wilson Creek sits precariously in the clouds on the continental divide, 8,378 feet above sea level. It's the highest field in the United States and you take your life in your hands to get there.

You start from Craig, Colo., over the "Little Burma Road," which is called that because it looks like the famous and equally hazardous wartime route over the Himalayas.

Giant Pin Cushions.

For 40 breath-taking miles, you wind around towering mountain peaks, looking dizzily off into space, while your ears pop as you gain altitude. You don't see a man-made structure the entire trip until suddenly you reach the roof of the continent and there you are at Wilson Creek where oil derricks stick crazily out from the mountainside like pins in giant pin cushions.

These wells are on shelves carved out of the sides of the peaks. A false move at any of these sites would send a careless man spinning a thousand feet down to a rocky canyon floor.

Amazingly there have been no such false moves to this day at Wilson Creek.

The nation's highest oil field was discovered in 1938 and until the mammoth development began two years ago at nearby Rangely field it was the biggest producing area in Colorado.

No Pumping Problem.

Gaining access to Wilson Creek involved a major feat in road engineering. Even after the road was finished, there remained the gargantuan task of keeping it clear of snowdrifts. Up here at the top of the continent a 14-inch snow in mid-May isn't unusual. There's an airfield for emergency use.

The Texas Co. and the California Co., a subsidiary of Standard Oil of California, developed Wilson Creek. There's no pumping problem. The oil just flows downhill to the nearest refineries.

Wilson Creek's 29 wells produce about 7,000 barrels of oil a day in the summertime from the Morrison and Sundance sands at depths of 6,000 to 7,000 feet. In winter, the paraffin in the crude gets stiff from the cold and hampers the flow of the oil.

This oil flows by gravity from the wells to the gathering tanks and from there the Texas Co. sends its share rocketing on downhill to a refinery at Craig. From Wilson Creek to Craig is a drop of 2,000 feet.

Woman Kills Her Baby Boy, Feared Father Would Take Him

WEBB CITY, MO.—A 36-year-old mother tearfully related that she had shot and killed her baby son, police said, because she thought her husband was going to take the child away from her.

Prosecuting Attorney Ralph Baird said Mrs. Ruth Gilbert Hampton signed a statement in which she said that she first sent three bullets into the six-week-old infant's body and then turned the revolver on herself. She suffered powder burns.

A quarrel with her husband, Tom Hampton, a truck driver, preceded the shooting, Baird said Mrs. Hampton told him. The prosecuting attorney said he would file murder charges against the mother.

Heap Big Talk Has One-Way Tongue When It Comes to Cash

ALBUQUERQUE, N. M.—An elderly Indian sat at the desk of Giles L. Mathews, chief field deputy for the Collector of Internal Revenue, seeking aid in filling out the income tax return.

"How much did you earn?" Mathews asked.

"Ugh," replied the Indian.

"What did you raise, or sell?" persisted Mathews.

"Ugh," said the redman.

"You'll have to tell me," Mathews retorted. "Maybe you have a refund coming."

"How much, and when do I get it?" demanded the Indian in perfect English.

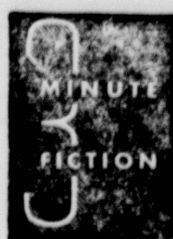

Helicopter Rises 18,850 Feet

For World Altitude Record

DAYTON, OHIO.—An unofficial world altitude record for helicopters of 18,850 feet was set by Maj. Ernest Cassell, the army's No. 1 test pilot.

A National Aeronautical association observer in an accompanying B-25 bomber announced that the figure, far beyond the previous record of 11,243 feet, would be certified to the association for entry in its records.

When the dollar gets back to what might be called normal purchasing power, will you have any?

Back to Life

By Maude Norman

WNU Features.

MARY STARR finished putting the dishes away, took off her apron and went out to the front porch. She glanced anxiously toward where the bright tip of her husband's cigarette showed in the darkness.

"It gets dark earlier now, doesn't it," she remarked.

She tried again. "Anything interesting happen today?"

James threw his cigarette over the railing. "Oh, sure, I had a very interesting day," he mocked. "As usual I took the 7:35 to town. I sold, or tried to sell suits. I took the 6:30 home as I have for the last six years."

"Perhaps if you started writing again you might sell something," she ventured.

"Write," he snorted. "I'm so tired at night I don't have an idea in my head. I do the same thing day in and day out, world without end, amen, and you think I can write. Write about what!"

The next morning Mary raced through her work, washed and dressed the baby, settled three-year-old Shirley in the sand-box to play, then got out her typewriter.

Two days later James received a letter, a delicately scented missive that Mary handed to him without a word.

"Dear Mr. Starr," the letter began. "About seven years ago I was confronted with a serious problem that a story of yours, 'Stella's Solution,' helped me to solve successfully. I should have written and thanked you then, only that I knew how men in your position are deluged with letters.

Sincerely,
Justine Owen."

James did not show the letter to Mary and she asked no questions. No more letters came to the house.

He went into the house, slamming the door.

although she knew he had answered. He began writing every evening, re-typing and sometimes rewriting the stories he had written and laid aside. Shortly after sending out his first story a check came for \$25, not much, but enough to encourage him.

Mary rejoiced at the change in him, especially after he sold two more stories, until one day, going through the pockets of a suit she was sending to the cleaners, she found a note.

"DARLING! There I have said it and say it again. Darling! I love you. Does that seem strange? But why should it? Your letters, carefully worded though they are, tell me you love me too. Name a place where I can meet you. Your post office address makes you seem so far away.

"You mentioned responsibilities. In all this world there are only two things that matter. You, and the fact that I love you and will love you forever. You are my inspiration.

Hopefully,
James."

James found Mary unusually silent that evening. Although he tried to interest her in the day's happenings, she busied herself feeding the children and barely answered him.

"I sold another story," he said.

"Looks like I can write after all."

"That's nice," she answered briefly, trying to pass him.

"Aren't you glad?" "Of course I am."

"Then what's the matter?"

Mary handed him the note she had found in his pocket. "I wasn't snooping," she said. "I found this when I emptied the pockets of your grey suit when I sent it to the cleaners."

James took the note. "I was hoping you would find it pretty soon," he grinned.

"WHAT?"

"I hope you don't think I'm as dense as I appeared to be. Oh, at first I fell for it. Long enough to sell a story and get a little self-confidence. Then I became curious to see the lady who wrote such lovely letters. A trip or two to the post office soon showed me she was someone I knew very well indeed."

"And you don't think I'm silly, do you? I only wanted to give you a little romantic interest. I thought it would help you."

"It certainly did help me. Silly. After you dragged me out of a black pit of self-pity and despair! I meant every word I wrote," he kissed her gently. "You really are my inspiration."

The prices are too high, agree everybody, but nobody does anything much about them.

CARD OF THANKS

We wish to express our appreciation for the thoughtfulness and kindness, as well as the floral offerings, extended to us by our friends during the long illness and

death of our brother, Arvell Meador. Mr. and Mrs. Albert Byars.

Mr. and Mrs. R. D. Lowry spent Mother's Day in the home of their daughter, Mrs. Glenn Phillips, in Darrousett.

Revengeful Exes Play Buffs Again

In a return game which will close out basketball play for the spring, the future Buffaloes will tangle with Westex Exes Friday night, May 16, at Burton Gym. Time for the fray has been set at 8 o'clock and admission will be 50 cents per person. Sponsor of the event is the West Texas State T-Club and the proceeds will go toward furnishing the Recreation Hall at Buffalo Courts.

On May 3 the flashy hoop-artists who will pound the hardwood of Burton Gym next year rambled over a string of strong Exes 73-38. The Exes' line-up for the Friday night encounter will be approximately the same as the previous cagers with the addition of Charles Halbert, Chicago professional, who was a stand-out for the Maroon and White in 1939 and '40.

Price Brookfield, who led the Exes scoring in the last encounter and also a Chicago professional, will couple with Jack Maddox, Halbert,

Hank Decker, Ledru Jacobs, Doug Groom, Norman Trimble, Earl Stagner, Doyle Ford, Chat Johnson, Borden Price, George Colvin and Joe Fortenberry for the Exes. Maddox has just completed the basketball season with the Oshkosh, Wisconsin, professionals.

All the future Buffs who participated in the first clash will be back for this engagement.

Mr. and Mrs. John Plaster of Pampa were week end guests in the home of his parents, Mr. and Mrs. C. N. Plaster.

Mr. and Mrs. Pat Gerald and children of Sweetwater spent the week end visiting here in the home of his parents, Mr. and Mrs. Ed Gerald.

Mr. and Mrs. F. E. Smith of Lub-Bock spent Sunday here visiting with Mrs. Smith's mother, Mrs. Adelle Hefner, and with other relatives.

Speaker Views Family Import

Climaxing the special assembly for Mother's Day sponsored by the Alpha Sigma Xi fraternity Saturday at 11 o'clock, Dr. Francis Pritchard, pastor of the First Presbyterian Church of Amarillo, spoke to students and their mothers on the importance and basis of the Christian marriage and family in modern life.

Dr. Pritchard was introduced by Crannell Tolliver, head of the West Texas State department of speech and co-sponsor of the fraternity

with W. A. Moore, member of the department of speech. Wayne Thomas, president of the host organization, opened the program with a speech of welcome to the mothers, which was followed with a response by Mrs. J. W. Walker of Plainview, mother of J. Waring Walker, sophomore student and member of Alpha Sigma Xi.

Three numbers, "Adoramus Te Christe" by Palestrina, "Finlandia" by Sibelius, and the "Troyes Chant," were sung by the West Texas State A Cappella Choir, directed by Glenn Truax.

Virginia Smith, sophomore student from Amarillo, gave several poetic readings in relation to Mother's Day. Other numbers on the program were vocal solos by Thelma Gean Mercer and Bill Hutchinson,

who sang "Ave Maria" by Bach-Gounod and "That Wonderful Mother of Mine," respectively. Thelma Mercer was accompanied at the piano by H. R. Fulton and Hutchinson by Mary Hodges.

Highland News

The needed rains came over the week end, so farmers now will be quite busy getting ready for a big wheat crop and row crop planting. Carl Fuqua has kidded O. J. Brown for years about his oat crop, which O. J. insisted on planting every year, and this year it really looks like O. J.'s oats will make a crop.

Ted Neely has made considerable improvements on the house, and built a garage on his section south of the Fuqua section.

Mr. and Mrs. Cecil Bryant and family have moved back to Wildorado. They occupy the A. N. Green house and he will be employed at the Watson Elevator.

Mr. and Mrs. Truman Miller, Mr. and Mrs. Tom Watson and Mr. and Mrs. Carl Fuqua attended the Negro Minstrel show at Vega last Thursday night.

Dawn beat Wildorado at their ball game Thursday night. Large crowds have been attending the games.

Joe Allred and Carl Fuqua spent Friday in Amarillo arranging for games, and suits for the Wildorado ball team and for signs to be painted on the board wall around the ball diamond. They say about three games a week will be played there this summer.

Mr. and Mrs. George Mason called on Mrs. Atkins, Mr. and Mrs. Ed Sharp and Mr. and Mrs. J. R. Sharp a week ago Sunday.

Mrs. Jess Hill has been staying at the Howard Fuqua home the past ten days looking after Mrs. Howard Fuqua and Rhenda who have been quite ill with the measles.

Mr. and Mrs. Payne Dalton and children of Petersburg came up Sunday to visit her parents, Mr. and Mrs. P. M. Elrod.

The baccalaureate sermon of the wildorado high school graduating class will be preached by Bro. Godwin Sunday night, May 18th and graduating exercises will be Tuesday night, May 20th.

Miss Mamie Jarnigan is recuperating after an operation at the home of her sister, Mrs. W. Critsinger.

Mrs. Tom Watson had a dinner Sunday honoring her mother, Mrs. Jones, and her aunt, Mrs. O'Neal, Sunday noon.

Look for developments in relations between the U. S. and Latin America, once Secretary of State George C. Marshall gets the tag ends of the Moscow Conference cleared from his desk. Renewed efforts will be made to hold the often-delayed inter-American defense conference at Rio de Janeiro sometime this year.

Umbarger News

The Umbarger faculty and student body enjoyed their annual picnic at Buffalo Lake on Tuesday, May 6.

On Friday, May 9, the Umbarger faculty and student body attended the circus in Canyon.

Mr. and Mrs. Bill Gerken and family were dinner guests in the home of Mr. and Mrs. W. P. Jansen.

Mr. and Mrs. Vincent Friemel and Mr. and Mrs. Sylvester Batenhorst and family spent Sunday in the home of Mr. and Mrs. Raymond Batenhorst.

Mr. and Mrs. John Wieck and family were dinner guests in the home of Mr. and Mrs. Paul Artho.

Charles Friemel and daughters spent Sunday in the home of Mr. and Mrs. Otto Skarke.

Henry Skypala and Mr. and Mrs. Antone Grotgut spent Sunday in the home of Mr. and Mrs. Ted Irlbeck.

Mr. and Mrs. George Friemel and family were dinner guests in the home of Mr. and Mrs. Brouch of Amarillo.

Mr. and Mrs. Frank Grabber spent Sunday in the home of Mr. and Mrs. Henry Neusch.

Those exchanging visits Sunday were Sadie Higgins with Anna Lindemann.

Sunny Hill News

This community has been blessed with a perfect rain for which everyone is very thankful.

Mr. Groom who was hurt last week by a tractor falling on him is reported to be doing better than was feared he could ever be.

R. B. Gist, Jr., tried to be home for Mother's Day, but couldn't get over the road from the highway on account of mud.

Mr. and Mrs. Gist were shopping in Amarillo Monday.

Mr. and Mrs. Smith, Mr. and Mrs. Orva Henry and Cecil, and Mrs. Henry and Arthur were shopping in Canyon Monday.

Due to bad weather and the injury of Mr. Groom, Mr. Smith hasn't been able to get much work done toward building his new house.

Mrs. Goodnight and Robert called on Mr. and Mrs. Smith Wednesday evening.

Mrs. Sykes called on Mrs. Henry Tuesday morning.

Mrs. Sykes' mother spent last week at Mrs. Sykes' home.

We are glad to report everyone feeling fine since the good rain.

We are sorry we haven't much news from this community as the weather has been too bad for people to get around, but all are jubilant over the moisture.

When Hawaii is admitted to statehood, her two Senators will, obviously, be listed in Who's Hula.

The use of visas for entry into various countries of the world is expected to be continued. An international conference at Geneva, Switzerland, decided that entry visas were necessary to enforce immigration laws. The world group decided, however, that exit visas should be abolished.

Foster parents deserve no special thanks for taking another woman's child. The baby does more for them than they do for him.—Philip Gilliam, Denver Juvenile Court judge.

Look what happens to you in a Jantzen

Gay, new young styles... lovely slimming lines... dreamy colors—these new Jantzens are the best summer glamour insurance we've seen! There's a wide choice of one and two-piece styles—all in exclusive Jantzen fabrics that do a terrific job of slimming and trimming your figure.

Jantzen

A man's best friend come Summer—is a Jantzen

Action-tailored swim trunks by Jantzen are your ticket to summer fun. You'll notice the difference in the fit and feel—because Jantzen's famous exclusive fabrics really do more for you. And there's a swell choice of smart new patterns and colors in sizes for all.

WARREN'S

Regents Re-elect All Members of West Texas State Faculty Saturday

Although their salaries will not be established until June, after action by the legislature, the entire faculty was re-elected last week when the Board of Regents met in Austin.

Four vacancies in the summer staff remain unfilled: positions in the art, education and home economics departments and one secretarial position in the journalism department.

As a result of controversy over the book situation, common to all teachers colleges, the Regents passed a new ruling giving each school an option on whether the texts will be rented or sold. The choice is up to the individual college—it may use either or both plans.

Until he can check with the Veterans Administration office in Lubbock, Pres. J. A. Hill cannot set the policy for West Texas State.

Because of recent legislation making the activity fee compulsory, the college can collect money for that fund from the V. A. During the current school year, W. T. had been the only college in the state paying

for veterans' activity tickets—and has lost a total of twenty thousand dollars.

The same bill provides that a maximum of 15 dollars be set on activity charges.

1946 marketing troubles may force farmers to cut back this year's potato acreage to the smallest since 1884. But sugar beet farmers will harvest about 850,000 tons more than last year—20% above the last 10 years' average.

Darkest spot in the metals supply picture is tin, with only 5,236 tons for U. S. up to July 1. To meet a world demand for 60,000 tons for first six months of 1947, only 17,700 tons are available.

Secretary Marshall is a nice fellow. Rather odd, though. Reads books—British Field Marshal Lord Mansfield Wilson.

A fire department is not always appreciated by those who have had an fire.

Rheumatism and Arthritis

Amarillo Pastor to Speak on Baptist Hour Next Sunday

DR. A. D. FOREMAN, JR.

Dr. A. D. Foreman, Jr., pastor of First Baptist Church in Amarillo, will be the speaker for the Southern Baptist Hour the next two Sundays, May 18th and 25th. The subject next Sunday will be "Man's Chief End."

This is a part of the current series of programs on the general theme: "Christ is the Answer," and is arranged by the Radio Commission of the Southern Baptist Convention, and broadcast over a network of 57 stations across the South and by short-wave around the world as a contribution to the religious needs of today.

Dr. B. F. Lowe of Atlanta, Georgia, the Director, says a wave of old-fashioned evangelism prevails in many hundreds of the churches and that thousands are signing covenants to pray daily for a world revival of religion that will bring man's spiritual development up to his material advancement.

The program may be heard in this territory over Radio KGNC of Amarillo at 7:30 Sunday morning.

A trade agreement between Russia and Argentina is definitely out of the picture now. Reasons behind abandonment of the project after nearly a year of negotiations are President Juan D. Peron's concern over Communist expansion in his country, plus the fact that Russia cannot deliver the machinery Argentina wants.

Help Keep Canyon Clean!

Agency Starts Gym Program

FWA Grants \$13,450 For Blueprints Of Building

To complete plans for the construction of the new 400 thousand dollar physical education building, the Federal Works Agency has awarded West Texas State \$13,450.

Two complete gyms will be installed in the building, as well as facilities for handball, wrestling, boxing and other athletic activities.

Location for the new structure has not yet been decided.

Plans were drawn by Macon O. Carder, Amarillo architect, and call for an inter-collegiate gymnasium with a seating capacity of 4,000. The playing court will be 94 feet long and 50 feet wide. The intramural court will be 52 by 95 feet.

In addition two handball courts, boxing and wrestling rooms, physical education classrooms, shower and locker facilities and office space for coaches will be provided.

College plans for financing the construction are dependent upon a proposed Texas constitutional amendment which would authorize state institutions to borrow against anticipated tax income.

Control of Typhus Urged in State By Health Dept.

In recent years typhus fever has developed into a serious health menace in Texas according to Dr. Geo. W. Cox, State Health Officer, who today issued an appeal for every Texan to cooperate in rodent control measures which will prevent the spread of this disease.

Last year, 1147 cases of typhus were reported in Texas, and in the first 18 weeks of this year, the State Health Department has been notified of 185 cases," Dr. Cox stated. "With the peak of this disease usually occurring in August, if the present trend is continued, we may expect this total to be greatly increased by the end of summer."

The type of typhus fever occurring in Texas is known as endemic or Brill's disease, and is transmitted to human beings from infected rats, by means of the rat flea. The eradication of rats is the only way to reduce this health hazard, and a consistent program will materially aid in the control of typhus in Texas.

Dr. Cox stressed the fact that it is the duty of every individual to cooperate in strict rodent control

Shadowettes Is New Comic Series In News Today

Announcement is made this week of the first issue of a new series of feature comics which will be available to the readers of the Canyon News for the coming year. The new series of feature pictures is known as SHADOWETTES and has been contracted for by Cole & McGabrey, local Firestone Dealers, and will be run in their regular advertising space during the next twelve months.

These advertising feature cartoons have been drawn especially for newspaper advertising and cover the humorous and embarrassing situations which arise in one's daily life. They depict for the most part, a boy and a girl with an occasional departure into other subjects. The drawings are all in silhouette and should furnish many a laugh for News readers as the year progresses.

This series of cartoons has been prepared by The Norn Company, Inc. of Dallas and has been drawn especially for this company by Don Murphy, a West Coast artist. Many of the happenings drawn are actual events which were encountered while the series was in the making, while a few are pure fantasy. In all illustrations, however, Murphy has excelled himself with his able illustrations, of the moods and feelings, in just plain black and white.

Ray Cole and Glenn McGabrey operate one of the city's most fully equipped shops and have established an enviable reputation along this line. They are to be congratulated on their energy and enterprise in obtaining this admirable feature and presenting it to News readers for the next fifty-two weeks.

A potash deposit in Canada, recently discovered during oil drilling operations, may make the Dominion self-sufficient in that alkali and may even permit exports. Last year, Canada bought \$3,500,000 worth of potash from the U. S. She plans to import \$3,000,000 worth this year. The new deposits run for 350 miles in a curved line from a point east of Regina in Saskatchewan into North Dakota. The potash is located over salt beds in layers 9 to 28 feet deep at the 3,400 foot level. The deposits are richer than those found in New Mexico, Texas and Alsace, France.

Now that a process has been discovered that stops the shrinkage of rayon, our money should be printed on it.

Report of Taxpayer's Committee

THE CITIZEN'S PLANNING COMMITTEE, WHICH WAS APPOINTED BY THE CHAMBER OF COMMERCE, CONVENED IN OPEN SESSION THURSDAY TO MAKE A DETAILED STUDY OF THE FINANCIAL STATUS OF THE CANYON INDEPENDENT SCHOOL DISTRICT AND ITS NEEDS FOR THE COMING YEAR. THE FOLLOWING CONDITIONS WERE CONSIDERED BY THE COMMITTEE TO REQUIRE THE TAXPAYERS' MOST IMMEDIATE AND CAREFUL CONSIDERATION AT THIS TIME:

1. The teacher situation in Canyon is acute. Teachers can, and are, accepting better paying positions in other school districts which are now meeting or exceeding the newly adopted State teachers' salary schedule.

2. It is impossible to provide an adequate school system without qualified teachers, and we realize the School Board cannot obtain such teachers on the \$1400.00 minimum salary schedule now in effect.

3. It is also impossible for the Board of Education to meet this new teacher's salary sche-

dule unless additional income from LOCAL TAXATION is provided.

4. It is necessary that the SENDING DISTRICTS pay their proportionate share of this increased cost of education, since their children share equally with ours, the same scholastic benefits.

5. Whereas this committee has considered the above questions in the light of the welfare of the children of this community, and of the relative worth to the taxpayers, the following recommendations are made:

1. We recommend to the Board of Education of the Canyon Independent Schools that they immediately order a Tax-election in this district for the purpose of raising the tax rate to \$1.50 per one hundred dollars valuation, and

2. We do approve and endorse the recent action of the Board of Education in definitely setting the 1947-'48 tuition rates, for sending districts on a per capita cost basis of the 1946-'47 school year.

Committee Members:
Mrs. Ed Harrell, Chairman
C. L. Thompson
W. C. Black

Mrs. J. D. Barker
L. D. Winn
Earl Burtz
Mrs. Tom Knighton

19th Annual Round Up at Painview Held in Plainview

Old-timers and their friends are extended a special invitation to attend the Nineteenth Pioneer Round-Up to be held in Plainview, Saturday May 17. Members of the Business and Professional Women's Club, which sponsor the annual event, state that preparations are being completed and that the stage is ready for the largest Round-Up yet held.

A reception will open the day's activities at 10 a. m., with headquarters at the city auditorium. All

stores will close for the parade to be staged at 3 o'clock. Dinner will be served chuck wagon style from 6 to 8 p. m., with the program and square dancing to follow.

The nation's favorite sandwich will be decided during national Sandwich Week, Sept. 6 to 13, by what consumers write on ballots passed out at restaurants and hotels. Odds favor the hamburger, with cheese the runner-up.

After all, the little farmers had sold their grain. Then the government came along and paid this 30c bonus to the big operators and others who had held back.—Sen. William Langer (R.-N.D.).

WHEAT CROP FOR SALE

My combine has been sold. I have full time work in my country shop as well as caring for my Milking Shorthorns. I'll sell my wheat where you can double your investment if you'll do the harvesting so that I can continue my other work. It's easier on my hay fever.

127 acres of the best wheat I've had in 14 years on a farm. (Five years in Buffalo Lake area and nine years on my own place here 4 miles west and 1 and 2-3 miles north of Canyon.) (N. 1-3 Section 7, Block B5).

RUPTURE

Rupture Appliance Specialist, HARRY G. HIGGINS, of Minneapolis, Minnesota, will demonstrate without charge, his "Guaranteed Rupture Shield" in
AMARILLO, TEX. AT HOTEL AMARILLO, ON
TUESDAY, MAY 20, 1947

From 9 A. M. to 3 P. M. Please come early. Previous evening by appointment. I have specialized in the field of Rupture Shield service for a long time, and have fitted hundreds of cases in the United States during this time. There are many of my satisfied customers right here in your community.

Mrs. J. S. of Ogallah, Kan., says: "I cannot speak highly enough for it. I have tried a good many other makes but found your make the best."

Mr. R. C. of Atlantic, Ia., says: "I had a very bad scrotal rupture, and in two month's time after being fitted with your appliance, I have no protrusion at any time."

CAUTION: If neglected, rupture may cause weakness, backache, nervousness, stomach and gas pains. People having large ruptures, which have returned after surgical operations or injection treatments, are especially invited. If you want it done right, don't experiment.

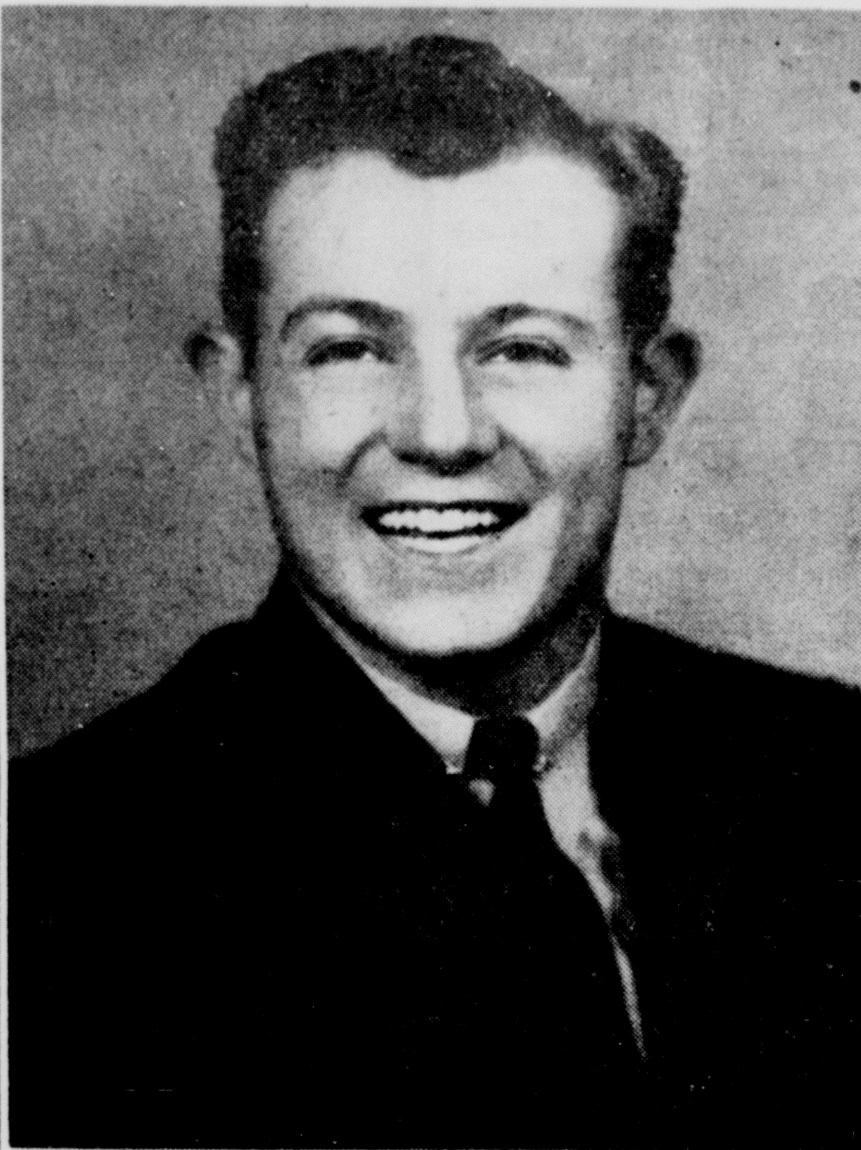

If unable to see me at this time, address:

HARRY G. HIGGINS
Rupture Appliance Specialist
Lock Box 222, Minneapolis 1, Minn.

Two West Texas Students Winners of Historical Contest on Friday

PAT HILL JACOBS

CARROLL DOSHIER

Top prize winners in the Earl Vandale Historical Essay Contest, two West Texas students, Pat Hill Jacobs and Carroll Doshier, took cash awards of \$100 and \$75 when judges' decision were announced at the Historical Association banquet Friday evening.

In the closing meeting of their 1947 spring convention, members of the Panhandle Plains Historical Society rewarded third and fourth places to Mrs. Susie Pierce Dacus and Mrs. H. M. Timmons, both of Amarillo.

Edited Prairie

A junior, Pat wrote her paper on "The Texas Lapse-Lease Case." Originally from Tahoka, she was editor of The Prairie last year and is the wife of Ledru Jacobs, captain of the 1947 basketball team.

Carroll's essay was on "Camp Life of a Cowboy." Last year when he was a sophomore he placed third in the contest.

Few laymen know the difference between good and bad medicine. Their opinion of all doctors has been colored by the few money-makers that have commercialized the profession.—Dr. Paul R. Hawley, Veterans Administration.

Because Germany has been forbidden to maintain any aircraft, the U. S., Britain and France will set up and operate an internal, domestic air service there for civilians.

Museum Exhibits Nebraska Prints

On display until next Tuesday in the Mary E. Hudspeth Room at the Museum is an exhibit of silk screen prints by six members of the teaching staff in the art department at the University of Nebraska.

Obtained by Miss Isabel Robinson, head of the WT art department, the show, which also includes a few lithographs, etchings and drawings, was set up Saturday. Having made a tour of the South, the art collection will be shipped from here back to Nebraska.

Should Francisco Franco eventually step out of office to let Don Juan take the throne of Spain, the first job of the new monarchy would be to seek a U. S. loan. A shortage of money for world trade is making things more difficult for Franco than all the pressure of the United Nations.

A ban on heating by gas and electricity now in effect in Britain, will last through the summer. The ban will cover homes through September. Heating of factories and offices will be prohibited through October. The hope is to save 2,500,000 tons of coal.

Cal Farley, Amarilloan, Addresses CHS Junior-Senior Banqueteers

Austell Burrus Will Be Master of Ceremonies

Cal Farley of Amarillo, widely-known after dinner speaker and sponsor of Boy's Ranch, will be the main speaker of the evening at the Junior-Senior Banquet tomorrow night at 8:00 p. m. in the basement of the First Methodist Church.

Austell Burrus will be master of ceremonies, but the theme for the occasion and a part of the program will be kept secret until banquet time.

Guest List Large

Approximately 150 students, teachers and guests will be present at the formal affair. Faculty members, room parents for both the Junior and Senior classes, and the Canyon Public School Board members and their wives are included on the guest list.

Junior class members have been busy all week, when they could find a bit of extra time, to work in the agriculture class room, making decorations, addressing invitations, organizing the program, and deciding on the menu.

The following are in charge of committees: Nancy Ann Nicklaus, program; Joyce Carter, decorations; Frances Standley, menu; and Martha Jean Avent, obtaining the speaker for the evening.

Dancing Highlights Program

One very closely guarded secret is the decorations for the ball room at Cousins Hall where the banqueteers will spend their way after eating. The juniors are doing the decorating themselves and these will continue the theme of the banquet at the church. Dancing will highlight the remainder of the evening.

Women of the Society for Christian Service will prepare the food for the occasion with Mrs. Alfred Bellah in charge, and girls from the CHS sophomore or freshman classes will serve.

SCHOOLS' NOT OUT YET—

"Hey, Joe, it's too pretty to go to school today, let's go out to Gordon Brown's and go swimming, whatya say?"

"Why, sure—let's go—I don't have anything but geometry, history, English, and typing this afternoon! Besides, why do we have to go to school on these hot days, anyway?"

That cry seems to be pretty familiar around the school campus these Spring days. Those lazy, don't-give-a-hoot-about-anything days are here, and they are getting a grip on all of us, from seventh grade to seniors.

But school's not out yet, kids, and until it is, let's follow the traditional custom and go to classes at least three times a week. These last two weeks are going to count on your report cards, so don't pull down a good average or even a poor one just because you "aren't in the mood" to go to school. It's only a few more days until school is out, so let's give it our best, whatya say, Joe?

Mr. Hemingway, photographer from Wolfe City, Texas, was in Canyon last Tuesday. He signed a contract to make individual pictures of grade school and junior high students for the annual next year.

Mrs. Dan Bush, former teacher of the Amarillo Schools, and daughter of Mrs. Stella Murrell, visited the grade school last Monday.

Valeta Hines visited friends in Borger, Spearman, and Gruver the past week-end. She attended the Spearman Celebration.

Freshmen Study Scott's 'Ivanhoe'

Pupils of the freshman English class are studying Sir Walter Scott's "Ivanhoe." According to Mrs. T. V. Beard, who is instructor of the class, several reports are to be given on the historical background of the novel.

Topics for these will be: "Exploits of Robin Hood and His Hen"; "Treatment of the Jews Then and Now"; "Methods of Conducting Tournaments"; "Honor in Individual Challenges Among Knights"; "Characteristics of Richard, the Lionhearted"; and "The Powers of the Church."

Memory work has practically been completed and all book reports will be turned in by next week.

"The highlight of the entire course, in my opinion," states Mrs. Beard, "is the study of this novel. It never grows old but is still as interesting and educational as ever."

"A Sunny Spring Morning" Is Grade's Program Conclusion

With the presentation of two performances of the operetta, "A Sunny Spring Morning," last Friday, Canyon Grade School will practically conclude all programs for the year. The first rendition, staged at 10:00 a. m. was attended by approximately 300 parents and friends. The afternoon show had some 280 grade school and junior high students as an audience.

The cast of characters numbered about 240 students. Mrs. Helen V. Martin, grade school music teacher directed the music. Credit for the costumes goes to various teachers and mothers. These teachers also helped with drill work.

"This operetta was one of the most enjoyable and colorful we have ever staged," says Miss Elva Fronabarger, principal of the grade school. "The excellent attendance was encouraging to us all. The entire grade school faculty and I wish to thank every one, who contributed to the success of the occasion."

FHA Girls Select Future Officers

A regular FHA meeting was held in the Home Economics room, Thursday afternoon, May 8.

Summer camp plans were discussed but nothing definite was decided. It was decided to have a Mother-Daughter tea Tuesday night, May 13, at 7:30, in the high school auditorium. Frances Gooch was in charge of the program, with the main highlight on the installation of new officers for '47-'48. Those installed were: Donna Erwin, president; Earlene Davis, vice-president; Laverne Henders, secretary; Sue Ann Colwell, treasurer; Jean Hill, reporter; Sue Jennings, parliamentarian; Martha Hales, historian; and Letha Harwood, song leader.

Sue Ann Colwell, Area One reporter, has just finished her third and final newsletter. These letters contain area news, district reports, local, area, and state officers, and camp plans. They are sent to other local chapters and state officers.

Seniors from WT-CHS Attend Party at Baptist Church

Forty-three students from the Senior classes of W. T. High School and Canyon High School attended a party Thursday night, May 8, at 7:30, in the Baptist Church. It was sponsored by the Missionary Society of that church.

A Senior Track Meet was the theme of the party, and the games were played following the track meet theme. The games were supervised by Mrs. Roy L. Johnson. Refreshments consisted of: soda pop, candy, sandwiches, and bubble gum.

The party was over about 9:30.

Time change; if you don't think so, take your grandma to the beach this summer.

ROSES

Roses to Geneva McDougal and Max Bellah! Because all the Seniors were gone on their trip Monday, the paper staff consisted of only three members; therefore, Max and Geneva helped us gather and type the news. Our many grateful thanks go to you!

Ole Cal kinda got in on the tail end of things this week but after much "diggin' around," he rustled up a few little (?) items.

While talking with some old friends of mine, I found that they think Clifford Burtz and Jeanette Shellnut are really getting along—good!

Donnell Ruthart, a certain someone doesn't like the idea of your trying to steal Suzanne Stevenson, or would you know about that?

It seems that Kathryn Furlow and Harold Martin, and Ava Dooley and Carl Hair have been hitting it off good lately, to say the least.

Who will it be, Geneva Gressit, Wayne Kelso or W. T.'s Clarence Maynard, hmmmnnnn?

Dana Rice seems to have someone on her mind, couldn't be Harry Reeves, could it?

Marvin Fite is stepping out with the college girls now! Such as that girl with the beautiful red hair,—let me see, now—La Nell Phillips, huh?

A little birdie wants to know why Joyce Carter remembers Tommy Tucker. If you want to know more, just ask Peggy LaLoge, she knows all about it!

Two junior girls are just dying (!) to go to the Junior-Senior Banquet with two certain boys—a Senior and a Junior—with the initials of H. P. and M. F. Ask a few questions, boys, and you might find out—

Martha Avent and Bill Phillips, Juanita Avent and James Inman, Richard and Janey, Frances and Clifford, and Paige and Geneva were seen at the show Friday night, nothing unusual.

Here we take time out to remind the junior and senior boys (by special request of the girls) there is going to be a Junior-Senior Banquet Friday night, May 16, 1947 at 8:00 p. m.

Guess Who

He's tall
He's blond
He's blue eyed
He wears loud ties
He has a checked suit
He likes hamburgers and onions
(Answer will be given next week).

Seniors Complete Trip Plans Devin, Pruitt Make Reports

Plans for the senior trip were completed in a classmeeting fifth period, Wednesday.

Mr. Devin reported on reservations and it was decided to pay five dollars on the reservations at Red River Lodge.

Othella Pruitt, class treasurer, submitted a tentative budget for the trip.

A committee was appointed to attend to the packing of the luggage on the bus, and also one to see about building some seats to put in the center aisles of the bus.

All members of the junior class were required to take an English IQ test Friday, May 9. This test was to determine whether or not they would be required to take four years of English in high school. Only six passed the test.

The test covered all phases of English grammar and was given as an experiment to try to improve the English department of Canyon High School.

Harrell Presents Travelogue

Social Study classes in the Canyon Grade Schools taught by Mrs. Pearl Iverson were recently shown four films by Mrs. Ed Harrell, which she took on her tours over various parts of the world.

One film titled "Australia" showed Mrs. Harrell and her granddaughter leaving for Australia from San Francisco, California, with stop-offs at Hawaii, the Fiji Islands, and Samoa. At each stop many places of interest were visited and included in the film library.

Snapped Glacier

With Mr. and Mrs. Newton Harrell, she toured Florida, Cuba, and the Panama Canal Zone and preserved a record of the beauty of these places in the pictures.

A third film portrayed her trip through the Canadian Rockies. In one well-known resort, Lake Louise near Baff, Canada, she snapped a shot of a glacier high up in the mountain valley overlooking the lake. The glacier with its surroundings are perfectly reflected in the waters of the lake beneath it.

The fourth film is a panoramic view of the Palo Duro Canyon and cattle branding on the Harrell Ranch near Claude, Texas.

"We certainly are indebted to Mrs. Harrell for this kindness," says Mrs. Iverson. "Such travelogues are not only interesting but educational as well."

Grade Notes

Vergnel Camble of Mrs. A. K. Goodman's third grade has been out of school this week because of illness.

Mrs. Goodman wishes to thank the children's mothers for helping make the costumes for the operetta which made it a success.

Mrs. Mitchell Jones' 5J Spanish class presented the play "Los Tres Oso" to Mrs. Andy Walsh's 5W.

The characters in this play were: El Papa, Johnnie Bonds; La Mama, Dorothy Neblett; El Nino, Doris Borun; Goldielocks, Nancy Bolton; La Nette Wallen introduced the play. All the properties were made by the class.

Billie Graham of Mrs. Walsh's fifth grade is back from Colorado where she had been visiting her sister.

Hill, Standley Are Sorority Guests

Jean Hill and Frances Standley, juniors, were the girls, who represented Canyon High School at the annual Delta Kappa Gamma Banquet in Amarillo, Saturday night.

The purpose of this meeting of Pi Chapter was to install new members, which are selected every two years, and to interest boys and girls in the teaching profession.

After the introduction of the guests, Dr. James L. Russell gave an address, "Why Teach."

Jean and Frances were the guests of Miss Elva Fronabarger and Mrs. John Davis, Canyon members of Pi Chapter.

Pi Chapter of Delta Kappa Gamma sorority is composed of women teachers from both Canyon and Amarillo schools and colleges.

Mrs. B. F. Bartlett was absent from school last Monday. She went to Amarillo to meet her nephew, Mrs. J. W. Kleinschmidt substituted for her.

Advertising is a sure way to increase sales but it is not a haphazard way.

Junior Who's Who of '47 as pictured above are: back row, Guy Brant and Max Bellah; middle row, Valeta Haines and Joan Morton; and seated, Frances Standley.

Faculty Chooses Five Students

Special Qualifications Are Requisites for Election

Outstanding juniors of 1947, five in number, have been chosen to take the name of Junior Who's Who. Joan Morton, Frances Standley, Valeta Haines, Max Bellah, and Guy Brant were selected for this honor.

A faculty committee composed of Mrs. K. L. Kirkland, Miss Lurline Bowman, Mrs. A. K. Knott, junior sponsor, and Supt. E. A. Wooten picked these five out of a class of forty-one. After carefully considering each member and his ability in scholarship, citizenship, loyalty, cooperation, and leadership, the above five were named.

Since her freshman year, Joan Morton has become a member of Quill and Scroll, the F. H. A. for two years, served as reporter on Eagle's Tale for a year, played on the volleyball team for three years and serves as class treasurer this term.

Bellah Picked

Max Bellah presided over his sophomore class, has played in the band 6 years, sung in the A Cappella Choir 2 years, played in Southwest Band Clinic, and recently took the role of solo pianist for the Amarillo Junior Symphony Orchestra next year. He has been a member of the F. F. A. for 3 years, serving as song leader this past season, and is now a member of the Spanish Club. This year Max escorted the class carnival queen candidate, was one captain of the magazine contest, and took a part of the junior play cast.

Assists Editors

Serving as class representative to the S. F. C. for two years and secretary-treasurer of the Congress last year, is Valeta Haines. She is a member of the Quill & Scroll, the F. H. A. for 3 years, became reporter on Eagle's Tale during '45, and acted as business manager of the volleyball team in '46. This year Valeta became first assistant editor of the Eagle's Tale, assistant editor of the annual, "Soaring Wings," candidate for carnival queen, member of the Junior play cast, one captain of the magazine contest, and attendant to the football game.

Guy Brant has recently become a delegate to Boys' State in Austin. He was in the junior play, and a S. F. C. representative for 2 years. Guy is a member of Quill and Scroll, band, and A Cappella Choir. During '46 he was business manager of Eagle's Tale and is now second assistant editor.

Club President

Frances Standley was crowned Carnival queen and elected president of her class during her freshman year. The next school term she became class favorite and secretary of the Spanish Club. This year Frances is president of the Spanish Club, vice-president of S. F. C., member of junior play cast, historian of FHA and has been a member of the FHA for three years.

"Our work in selecting the Junior Who's Who has been difficult," states Mrs. Knott, junior sponsor, "because we have many deserving, outstanding pupils in the group. But in adding the points on the qualities required, we have selected this five from the group."

Guy Brant visited his sister and brother-in-law on the Turkey Track Ranch near Stinnett this past week-end.

Elwood Furnishes Club Picnic Spot

Both Spanish I and II classes journeyed to Elwood Park in Amarillo, Thursday, May 8, for a picnic supper.

For entertainment the group slid on the slides, swung, rode the Merry-go-round, and etc.

After entering into these various activities, the group was served an outdoor meal consisting of fried chicken, potato salad, potato chips, pickles, fruit, cookies, and cold drinks.

"Such outings give zest to the group," states Mrs. A. K. Knott, sponsor. "We returned to our work with a greater desire for more serious study. Spanish courses should not be all work entirely, but play has a vital part."

Teachers Meet for Luncheon Hostess Is Mrs. Simms

As the last meeting of the year, the Classroom Teachers held a covered dish luncheon in the home of Mrs. Cecil Simms.

After the dinner, a meeting was held. Mrs. Roscoe Davis gave the treasurer's report and Mrs. John Davis gave a summary of the year's work.

Teachers present were: Mesdames T. E. Beard, A. K. Goodman, T. W. Collins, L. M. Cousins, Dan Usery, A. L. Walsh, John Davis, Roscoe Davis, Tom Brasher, Stella Murrell, Ed Weeks, R. E. Ball, K. L. Kirkland, Virgel Martin, and the hostess.

Correction of last week's honor roll. Geneva McDougal made 5 A's instead of four, Martha Jean Avent made 4A's, James Guthrie made 4 A's, and Max Bella made 5 instead of 4 A's.

Students and faculty members of CHS contributed \$160.34 that was sent in to the Amarillo News- Globe Tornado Fund.

The grade school and teachers gave \$103.75.

We are proud to have helped as much as we did, and are sorry we couldn't do more," states Supt. Wooten.

Clifford Burtz Is Ag Toastmaster

Farming in China, India, and North Africa was related to FFA members Tuesday, May 13, when Jay Taylor spoke on this subject at the annual Parent-Son Banquet.

With 120 guests present, Clifford Burtz served as the toastmaster, and James Bible delivered the welcome address.

Sitting on the head table, the FFA Owl crowned all the tables, which were decorated in blue with bowls of yellow tulips on them.

Second year home economics girls and other members of the FHA cooked the meal and helped serve it.

Caps and gowns for the seniors arrived Monday, May 12. They are grayish-black and the seniors will start wearing them Friday, May 16. They were sent by the Collegiate Cap and Gown Company in Champaign, Illinois.

War Bogs Down at 60 Degrees Below Zero

Guns Refuse to Fire in Army Operation Frigid Test.

FAIRBANKS, ALASKA.—War, no matter how ferocious, bogs down at 60 degrees below zero. Strong men quail, and even the guns refuse to fire.

That is the finding of the army's Operation Frigid, which is conducting battle maneuvers under the coldest conditions possible.

Col. Paul V. Kane, commander of the task force of 1,575 officers and men, is authority for the figure. He said:

"Below 60 degrees, a man simply cannot perform. He cannot breathe heavily or the air will freeze his lungs. He can't handle metal or remain in the cold for very long."

A sentry cannot stand duty in the low temperatures for more than an hour. The army has found that men, camping out in the frigid temperatures, become "cold soaked," a condition of exhaustion accompanied by fevers and quivering.

Medical officers estimated that men lose 2 per cent efficiency for every degree below zero.

But 60 degrees below zero in Alaska isn't as bad as the slush and wet snow encountered by soldiers during the battle of the Belgian bulge.

Theft of Atom Secrets

A 'Must' for Russians

NEW YORK. — A Russian officer's V-J Day toast to the United States—"yesterday our allies, today our neighbors, tomorrow our enemies"—is related by Igor Gouzenko, former cipher clerk in the Soviet embassy in Canada.

Gouzenko, who has disclosed Soviet espionage in the western hemisphere, writes in a magazine article that Col. Nicolai Zabotin, then chief of Soviet military intelligence forces in Canada, proposed the toast in merry mood at an embassy celebration.

Relating Russia's efforts to obtain the secret of the atomic bomb, Gouzenko says that in the embassy on V-J Day he "heard no mention of the hope of international control."

"All the highest ranking officers said the same thing: 'Now that the Americans have invented it, we must steal it,'" he declares.

Ban on Travel to Europe

For U. S. Is Made Easier

WASHINGTON. — Pleasure travel to Europe, the British Isles and Ireland may be possible this year, the state department said, if the traveler has fixed return travel arrangements and guaranteed reservations for food and shelter abroad.

Relaxing slightly the government's postwar ban on pleasure travel to Europe, the department said in a statement that clerks of courts and passport agents would be advised to accept passport applications for such travel, provided travelers could meet the two requirements. The new ruling will apply only to unoccupied countries.

The announcement said travel experts estimated that as many as 60,000 to 70,000 persons may be cared for during the forthcoming travel season. Priority will continue to be given to business men engaged in restoration of international trade.

Graduate Cannot Write; Wins Diploma Despite Her Handicap

LOUISVILLE, KY.—Miss Emma Louise Snyder, 20, who cannot write, has received a midyear graduation diploma from Atherton high school.

Graduating among the upper scholastic third of her class, and winner of an American Legion citizenship medal, she is a spastic, lacking full control of her muscles.

Handicapped by her inability to take notes in class, she developed a memory for details and related them at home to her mother, who wrote the notes for her.

Heavy Penalties Are Provided For Riot Crimes in Bombay

BOMBAY, INDIA.—The death penalty or life imprisonment are provided for offenses arising from Hindu-Moslem disorders in Bombay province in a new ordinance promulgated by the Bombay government. The measure also authorizes creation of special non-jury courts to try such offenders.

The ordinance specifies death as punishment for attempted murder and death or life imprisonment for "voluntarily causing hurt by stabbing."

U. S. Accepts Belgium Haven For Displaced Persons

FRANKFURT, GERMANY.—Gen. Joseph T. McNarney, United States army commander in Europe, has approved an agreement under which Belgium will become the first country in Europe to open its doors to mass resettlement of displaced persons from the American zone of Germany. At least 20,000 volunteers will be admitted under the agreement to work in Belgium coal mines.

Gridsters Toughen for Tilt As They Resume Daily Drill

The sound of thumping pads and the trod of cleats on the grass of Buffalo Field once more marks the renewal of spring football practice. To last through the 23 of May, the resumption of drill is the second part of the program which saw the first half of practice wind up two weeks ago.

Practice sessions for the grid aspirants will begin at 2:30 o'clock each afternoon and numerous phases of training will be inculcated into the hardening-up program. One of the new items in the program will be the showing of games at least twice a week.

First of two intra-squad tilts will be played at the Stadium Saturday afternoon, May 17, at 3 o'clock. This will just be the warm-up to all activity scheduled for Friday, May 23, when drill will cease until the fall session September 1.

On the May 23 date, a full day of athletic events have been scheduled. Football fans and coaches will be invited to the campus to partake in the activities. Highlights of the day's program will be an interpretation of the rules session with all football coaches in this area cordially invited to attend. At that time it is hoped that the film of last year's Rose Bowl game will be available for showing.

At 7 o'clock a buffet supper at Buffalo Courts will be held for all members of the West Texas Activity Club and any other interested persons.

Climax of the day will come at 8:45 o'clock at Buffalo Stadium when the football candidates of Coaches Frank Kimbrough and Clark Jarnigan will display their prowess in a regulation contest which will close out the drill until next fall.

The Buffalo Band will take part in the program and will offer game-time and half-time entertainment.

Shall teachers form unions and affiliate with labor organizations? The answer is emphatically No—if teachers value the future of their profession and of the country.—Willard E. Givens, National Education Association.

Should a recession come, President Truman is likely to saddle American industry with the blame, pointing out that his Committee for Economic Development urged business leaders to cut prices voluntarily.

PANHANDLE MUTUAL HAIL ASSOCIATIONI. Clyde Davis, Local Representative
Canyon, Texas

A new type of United Nations commission probably will be set up to study Palestine. One plan is a mission of 26 members composed of all nations represented on the Security Council. If this idea doesn't work out, the U. N. may decide on a small group made up of three or four

neutral countries that have no direct stake in the Palestine controversy.

Although shops in Argentina are short of many of the things people want to buy, the Peron Government is steadily clamping down on imports of finished goods. Refrigerators and radios may be kept out of the country. The idea is to encourage domestic production of such articles. The trend may affect producers in the U. S., Britain and the Netherlands.

The Argentine Congress has approved, with practically no fanfare, a bill giving President Juan D. Peron authority to spend up to \$1,747,000,000 on his Five-Year Plan without recourse to Congress. All existing laws that might conflict with the plan are automatically nullified.

IS RUNNING OUT!**

No one wants to get caught short these days.

But a lot of farmers may find themselves in that shape if needed repairs are not made before the opening of spring work.

Shortages and strikes have badly curtailed machinery production.

Needed repairs are almost impossible to get.

If your farming equipment breaks down during the busy season it will simply be too bad.

We urge every farmer to check his equipment now, and not get caught short at harvest time.

Your combine will have to do another big job this harvest. See to it that repairs are made now, and not wait until the rush of harvest.

HILL IMPLEMENT COMPANY**GMC Trucks and MM Tractors****Will Redesign
Plants, Beasts**Cotton That Produces Seeds
Only Among Changes
Scientists Made.

WASHINGTON.—With the idea of putting more money in the pockets of cotton farmers, experiments in Texas are designed to produce cotton plants that don't grow cotton. These plants are intended to produce only seeds because of the demand for cotton seed in industry.

The work is another venture in the science of redesigning plants and animals through genetics to bring forth "tailor-made" varieties. This kind of breeding has put more meat on turkeys, taken some of the fat out of hams, produced eggs with tougher shells and popcorn with more "pop," brought watermelons down to home refrigerator size and made certain crops resistant to diseases or easier to harvest.

Cotton Experiments.

The cotton work, conducted since 1940 by David Killough, chief of plant-breeding investigations at Texas A and M college, already has developed some cotton plants that are almost bare of cotton fibre and that produce more and larger seeds. Cottonseed oil is used for shortening, oleomargarine, soap, paints, varnishes, linoleum, printing inks and lubricants. The seeds also are used as cake and meal.

Scientists at the Beltsville, Md., research station, department of agriculture, produced eggs with a stronger shell and others with a thicker white that beats more easily for desserts and that poaches better.

From Beltsville also has come a small, compact turkey weighing only about two-thirds as much as a normal size turkey, a bird designed for kitchenette ovens or the small family table.

Swine bearing more lean meat, with smaller hams and leaner bacon, are coming from long-term experiments conducted largely at the Ames, Iowa, regional swine breeding laboratory of the department of agriculture and state experiment stations.

Changes Made in Sheep.

Sheep almost blinded by shaggy locks so that they had trouble finding food, and with horns and skin-folds which impeded shearing, gave geneticists another problem. Over 25 years, an open-faced, hornless, smooth-skinned animal was developed.

New Hampshire state experiment station redesigned the watermelon into a small round type weighing three pounds. Corn that pops better, expanding much more, came from Midwest research. The crook-neck squash was straightened out for easier packing and cucumbers have been grown to uniform length for the same purpose.

Chickens bearing more meat, with bigger drumsticks, higher percentage of white to dark meat and even meatier wings are the goal of a three-year contest now under way. A top prize of \$5,000 is offered to the breeder producing the best meat type by the end of 1948.

**Pilot Training School Is
For Enlisted Men Only**

WASHINGTON.—The sign on the army air forces' cadet pilot training school reopening at Randolph Field, Texas, this spring will say "For enlisted men only."

Gen. Carl Spaatz, AAF chief, said that candidates for the school would be drawn solely from the ranks of regular army air forces enlisted personnel.

"The army has long looked forward," he said, "to a day when it could regard every enlisted man as a potential commissioned officer. While we now are limiting the field to enlisted men of the army air forces, the next step will be to expand the list of eligibles to include every enlisted man in the regular army."

Currently, the plans call for training about 1,500 pilots in three classes, but Spaatz said the exact numbers depended upon a congressional decision on the size of the armed forces.

**Use of 'Unsafe' Ships by Army
Approved by Merchant Marine**

WASHINGTON.—A house merchant marine subcommittee approved legislation authorizing the army to operate until December 31 troopships that do not comply with marine safety standards.

The wartime authority under which the army has operated such ships expires on March 31.

The committee acted after a war department spokesman admitted that some transports have "serious (safety) deficiencies" but insisted that lives are not being jeopardized.

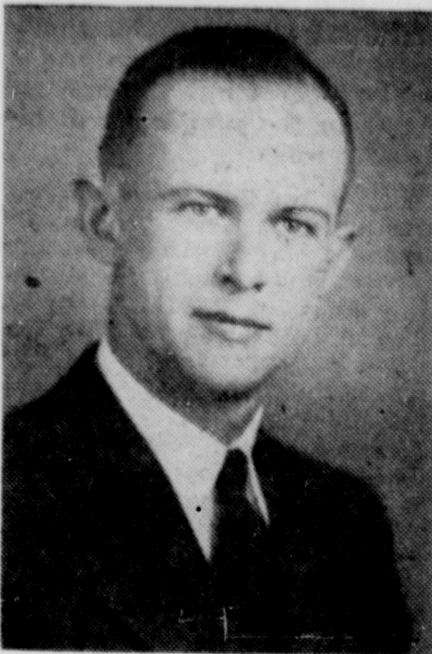

**Woman Snakes Her Way
Through Crowds in a Store**

DETROIT.—The bargain counter of a department store was packed with women when Mrs. Grayce Milton, 53, edged her way through the crowd.

The women took one look at her, screamed and fled from the store. Mrs. Milton was carrying a six-foot king snake in a wire cage.

Police charged her with disturbing the peace.

An intelligent man rarely wastes time discussing a serious issue with a dumbbell.

**Simons To Head
Library Staff**Will Replace Baker
As Biology Teacher
During Summer

BENNIE P. SIMONS

Selected to fill the position of head librarian, Bennie P. Simons will begin his new duties in that capacity at the beginning of the fall semester.

During the summer session he will be an instructor in the biology department.

A native Texan, he has spent the last year studying for his doctor's degree at the George Peabody College for Teachers, Nashville, Tenn.

Simons holds a B. S. degree from Sam Houston State, a B. S. in Library Science from George Peabody and an M. A. in Education Administration from the same school. He also served as assistant librarian at Huntsville, Texas.

The new instructor is married and during the war served three years in the armed forces.

Military experts give the following priority to points in the world that they regard as critical areas for the U. S.: The Mediterranean and Middle East area is given equal importance with Germany and Western Europe. Next, in order, come South America, China and Korea, with South America regarded as far more important now than either of the others. The very massiveness of China is counted on to defeat any attempt by Russia to dominate that country.

The U. S. State Department is reluctant now to make public Paul Porter's voluminous report and recommendations for assistance to Greece. One reason, given privately, is that the report includes several controversial recommendations. For one thing, there is the suggestion for a rugged overhauling of the entire Greek economy, a job that would have to be done through a plan extending for a period of several years.

Captured Four Places at Albuquerque

Pictured above are the four West Texas State stalwarts who copped positions in the Border Conference

Track Championships held at Albuquerque last Friday and Saturday. From left to right are Lloyd Johnson, fourth in the broad jump;

Dwaine Lyon, fourth in the javelin throw; Jim Wilson, fourth in the 880 yard run; and Boyce Box, fourth in the discus throw. Only Lyon will

not be back for participation in the cinder game next year. Box has one more year of eligibility. Johnson and Wilson have two more years.

Wilson, Johnson, D. Lyon, C. Box Win WT Points

Four of West Texas State's thin-clads grabbed a fourth place each in the hotly-contested Border Conference track meet held in Albuquerque last Friday and Saturday. The meet, attended by a large number of participants, was one of the best in the history of the Cactus Loop and a new champion was crowned when Arizona State of Tempe grabbed top total points to unseat Arizona who had held the pennant for the past 17 years.

The Westex crew, small in number, was no threat to the powers of Tempe and Texas Tech who battled all the way for the top post. Not until the last event was completed did the Tempe squad securely annex the flag.

Going into the final event which was the javelin throw, Tempe had 42½ points while Tech had racked up 42 and 5-6 tallies. Al Van Hazel and Joe Batiste came through for Tempe in that event with a first and a third to boost their total to 49½ and the meet championship.

Charles Reynolds of Texas Tech captured individual scoring honors by taking a first in the 100 and 220 yard dashes and by running the anchor on the victorious mile relay team. He totaled 11½ points.

Scoring for West Texas was Jim Wilson in the 880 yard run, Cloyce Box in the discus, Dwaine Lyon in the javelin and Lloyd Johnson in the broadjump.

All these events in which the Maroon placed men were contests where no preliminaries were held. In the prelims held on Friday, all other Buffalo aspirants failed to qualify for the finals on Saturday.

Highlight of the meeting was the

running of Hardin-Simmons' J. C. (Bullet) Cook who upset touted Joe Batiste of Tempe in the high hurdles. He won by only a stride over the colored cinder flash.

Teams in the order of finishing in point totals were: Tempe 49½, Texas Tech 42 5-6, Arizona University 39 5-6, Hardin-Simmons 11, New Mexico University 10 1-3, Texas Mines 6½, West Texas State 4, and New Mexico A&M 1. Arizona State of Flagstaff did not compete this year.

A new process for exploding grains which may revolutionize the flour industry will be announced soon. The process involves the use of compressed air and other gases and is reported to be capable of effecting savings up to 50% in flour manufacture.

Rubber industry expects farmers to buy more than \$100 million worth of tractor tires and tubes this year. Dollar volume of tractor tire business since the war has been more than seven times what it was in 1941.

Reader's Digest quotes a story of this columnist: At a Chamber of Commerce dinner, a school teacher was called on to respond to the toast, "Our school teachers—long may they live!" Her response in full was, "On what?"

The war has been over for almost two years—and you can not get automobiles, sugar, building materials or a hundred other things. Reminds me of the little boy looking at his baby brother. His parents, in response to his question, said they had paid Dr. Jones \$200 for the infant. Willie said, "No teeth, no hair, can't say a word—did we get gyped!"

And Mark Twain said the reason that a crocodile is called a crocodile is that it looks more like a crocodile than anything else.

Not only Texas but the nation and the entire world were shocked by the tragedy at Texas City—hundreds of lives lost, thousands injured, millions in property damage, untold sorrow and suffering.

Has Austin taken any steps to prevent a repetition of such a disaster? Next time, devastation could smite Beaumont, Port Arthur, Corpus Christi or Houston, where industry and population are greater than at Texas City and so the catastrophe could be even more terrible.

So far as I have seen, no bill has been introduced—much less passed—by the legislature to safeguard the public nor has the governor—so far as I have read—submitted the matter to the legislature. Steps should be taken to prevent a similar tragedy from shattering families, breaking hearts and flinging a pall of sorrow over the State. The people of Texas want action at Austin!

New Edition of Texas Highway Map Available

A new edition of the official State Highway Map is just off the press to aid Texas travelers in finding their way over the state's rapidly expanding road system.

Color photographs of things to see and do in the Lone Star State are featured on the map to help lure tourists from other States and inspire Texans to "See Texas First."

State Highway Engineer D. C. Greer announced free copies of the new map are available to the traveling public upon request. They will be distributed through the Highway Department's main office at Austin, the twenty-five district offices, and at the Department's information

bureaus located at ports of entry into Texas.

Progress on the postwar building program is graphically indicated on the new map which carries more than 1,100 miles of new paved road which were not shown on the former edition.

LIBRARY BOARD ADDS NEW BOOKS TO SHELVES

Randall County Library Board reports that the following books have been added to the shelves during the past month, and are now available to local readers:

Flight of the Swan, Hubbard; Human Destiny, Lecomte du Nouy; Best Plays of the Modern American Theatre, Gossner; Racism, A World Issue, Soper; Where Two Ways met, Hill; Footbridge to Death, Knight; The Chrysanthemum and the Sword, Benedict; My Brother Was Mozart; Wheeler; How to Build Cabins, Popular Science Monthly; The Sleeping Beauty, Baldwin; The Plotters, Carlson; Mister Roberts, Heggens; The Sleeping Sphinx, Carr; Black Fountains, Wynd; On Being Fit to Live With, Fosdick; The Body Missed the Boat, Iams; Woman You Want to Be, Wilson; Wayward Bus, Steinbeck; Tin Flute, Roy.

For children: For a Child, McFarland, Lucky Orphan, Moore, Spurs for Suzanna, Cavonna, and Golden Stallion, Waldeck.

A new type of engine has been developed for automobiles. We will make a completed disclosure of it at the meeting of the Society of Automobile Engineers on the 1st of June.—Charles F. Kittering, General motors.

Grocery industry is spending \$24 million a year for research on packaging, displays, refrigeration, and meeting consumer complaints.

Railroads don't expect to lose passenger traffic to autos if ICC grants requested fare increases. Reason: cost of cars and gasoline.
